

The 2018 issue of [Livability Chesterfield](https://livability.com/mo/chesterfield) is out and now available online!

Livability Chesterfield, an annual print magazine and digital content marketing program, encourages business investment, talent recruitment and relocation by reaching entrepreneurs, site selectors, corporate executives and other talented individuals and families attracted to our quality of life.

This is the Chesterfield Chamber of Commerce's primary quality-of-life marketing program for talent attraction. We hope you'll join us in spreading the word about what a great place this is to live and do business!

Each year, we work with Livability Media to produce a top-quality print magazine, digital magazine and rich content on [Livability.com](https://livability.com) — all promoting our favorable business climate, attractions and enviable quality of place.

This program gives you many tools to learn about and share with others the many success stories of our community:

- Go to <https://livability.com/mo/chesterfield>
- **Click through and share articles** to read about business success stories, school programming, must-dos around the community and more. Each article includes share tools for quick posts to social media.
- To **read and share the digital version of the magazine**, click on the magazine cover image. You can flip through online or download the book in .pdf format. You can also use share tools to quickly send a link by email or post to social media.
- To **get a print magazine**, contact the [Chesterfield Chamber of Commerce](https://www.chesterfieldchamber.com).

It's the unique story of your community.

Read it. Enjoy it. Share it.
