

AccidentFund

Insurance Company of America

Part of the AF Group

Accident Fund Workers Compensation Program

The Greater Brighton Area Chamber of Commerce and Accident Fund Insurance Company of America are proud to offer member access to their Workers Compensation Insurance Group Program. Designed specifically to aid the small to mid-sized business owner, all Chamber members are eligible for this program, subject to underwriting guidelines.

Group program benefits for members include:

- A 5% up-front discount on workers compensation insurance rates
- An opportunity for long-term dividends, based on the profitability of the group

Quite often, dividends are paid to those in the Workers Compensation program, and in a recent year, a 5% dividend was paid back to participating members, totaling over \$22,000! So, not only are GBACOC members eligible to receive an Accident Fund discounted rate, but they may be able to see dividends come back to them just for being part of the program as well.

Additional benefits to workers compensation policyholders include free online access to Accident Fund's Loss Prevention Toolbox™ and other no-cost workplace safety services. For a discounted insurance quote, contact your local independent Accident Fund agent, and be sure to mention your GBACOC membership. For more information or to find an agent, contact the Chamber at 810.227.5086 or visit www.accidentfund.com.
