Village of Deerfield New Ordinances

Assault Weapons Ordinance

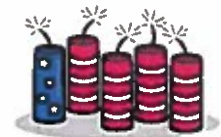

On Monday, May 7, the Deerfield Village Board unanimously approved the pro bono services of both the Brady Center to Prevent Gun Violence (the "Brady Center") and Mr. Christopher Wilson, managing partner of the Chicago office of Perkins Coie ("Perkins") to assist in the representation of the Village in the two lawsuits filed in the Lake County Circuit Court challenging the Village's Assault Weapons Ordinance. (continued on page 7)

Coal Tar Ordinance

On Monday, April 2, the Deerfield Village Board approved an ordinance that bans the use and sale of coal tar pavement sealants and regulates the licensing of pavement sealant professionals. The ordinance takes effect on May 1, 2018. Pavement sealant professionals are required to fill out a license application with the Village and must display a decal on their vehicles. This license must be renewed annually in the amount of \$100. (continued on page 7)

HEART Certified Auto Care is pleased to announce that franchises are now available throughout the United States. HEART is an acronym for Helping Everyone Achieve Reliable Transportation. Through HEART, the auto repair industry has been redefined with the introduction of a 2-year or 24,000-mile warranty on any repair, a turnaround time of hours not days, and ASE-certified mechanics to assure excellent quality. The company has also introduced a new approach to auto repairs called Virtual Inspection Program. It's a system that provides photos of any areas in the automobile where repairs are recommended. Also included is a detailed inspection report and access to educational videos on

auto repairs. For more information visit www.HEARTautocare.com.

The Bannockburn Police Department will hold Bannockburn Community Safety Festival on Saturday, June 9, 10:00 am - 2:00 pm at Bannockburn Green. Bicycle helmet checks, car seat safety inspections, and pet adoptions are just some of the safety events that will be held that day.

Deerfield Farmers Market will open on Saturday, June 16 at the Metra commuter lot at Robert York and Deerfield Road in downtown Deerfield. Every Saturday from 7:00 am - 12:30 pm thru October 13.

Takeda Pharmaceutical Company Limited (TSE: 4502) ("Takeda") and Shire plc (LON: SHP) ("Shire") have announced that they have reached agreement on the terms of a recommended offer pursuant to which Takeda will acquire the entire issued and to be issued ordinary share capital of Shire. Under the terms of the acquisition, each Shire shareholder will be entitled to receive \$30.33 in cash for each Shire share and either 0.839 new Takeda shares or 1.678 Takeda ADSs. The transaction has been approved by both companies' boards of directors, and is expected to close in the first half of calendar year 2019. Upon the closing of the transaction, Takeda shareholders will own approximately 50 percent of the combined group. With leading market positions in prioritized therapeutic areas, an attractive geographic footprint, greater scale and efficiencies, and an even more productive R&D engine, the combined group will be better positioned to deliver highly-innovative medicines and transformative care providing better health and a brighter future for patients around the world.

Township High School District 113 announced at the May 22, 2018, special meeting of the Board of Education of Township High School District No. 113, the Board approved a separation agreement with the District's Superintendent, Dr. Christopher Dignam. Dr. Dignam's resignation will be effective June 30, 2018. The Board wishes Dr. Dignam the best of luck with his future endeavors. In the coming weeks, the Board will move expediently to discuss and develop a transition plan for the 2018-2019 school year along with a timeline and search process to find District 113's next superintendent. Board President, Lizzy Garlovsky, stated, "The Board is very excited about beginning the process of finding its next superintendent who will lead District 113 moving forward. The Board is committed to making the search process thorough as well as collaborative among all District 113 stakeholders. We deeply value the voices in our community and neither the process nor the end result would be complete without these voices. Details about the process have not been finalized and as such will be forthcoming."

**From the Desk of
State Senator Julie Morrison**

Recently, Moody's Analytics completed an economic report on the status and outlook of the Illinois economy. Prepared for the Commission on Government Forecasting and Accountability (COGFA), the report evaluated Illinois' economic strengths and weaknesses and takes an in-depth look at the overall health of our economy, from job and population growth to the labor market and home sales. The results show that Illinois continues to benefit from several key advantages over our neighboring states and states across the country. Our large talent pool, higher-than-average educational attainment, expansive transportation hubs and access to capital and customers alike make Illinois a magnet in the Midwest for business development. Recently, an increase in manufacturing production and a positive near-term outlook on economic expansion give indications that Illinois' economy is growing.

Closer to home, Lake County is mentioned as having one of the strongest labor markets in the state. The local housing market is still slow, however, and the labor force is in need of expansion.

The issues raised in the report give a comprehensive look at both the strengths of our economy and the challenges we face to increase economic and business development across our state.

As the final few weeks of session begin, it is important now more than ever to ensure continued stability from Springfield. Delivering an on-time balanced budget for the fiscal year that starts on July 1 is a must for our business community and the nearly 13 million residents that call Illinois home.

I count on hearing from business leaders regarding legislative initiatives and changes we can make to ensure Illinois is a better state for our small business owners.

Please contact me with your thoughts and ideas – I would love to hear from you.

Contact Senator Morrison in Deerfield at (847) 945-5200 or through email at ilsenate29@gmail.com.

Assault Weapons Ordinance continued from page 1

Village Attorney Steven Elrod of Holland & Knight will lead the team and supervise and coordinate the litigation strategy, but the bulk of the regular legal work will be undertaken by Brady Center and Perkins. This is the same legal team that successfully defended the City of Highland Park's ordinance, on which the Village's ordinance is modeled.

"I am pleased to announce that the vast majority of the cost of this litigation will be covered pro bono," Mayor Harriet Rosenthal stated. "We remain confident in our authority to enact this ordinance under existing State law and gladly accept the expert services of the Brady Center and Perkins. These two firms, along with our own Village Attorney, Steve Elrod of Holland & Knight, will provide the Village with the highest quality legal services." The Village Board unanimously approved the Assault Weapons Ordinance on April 2. It bans the possession, sale and manufacture of assault weapons and large capacity magazines in the Village. On February 20, just days after the Parkland, Florida mass shooting, Mayor Rosenthal directed staff and the Village attorney to prepare a report concerning the implementation of a ban on assault weapons similar to that of Highland Park. "Over four years ago, the state gave home rule communities a window of time to adopt some form of regulation of assault weapons, with the understanding it could be revisited at a later date," Rosenthal said. "Our Board believes the time has now come to expand our regulation into a complete ban of assault weapons."

Deerfield approved Ordinance O-13-24 on July 1, 2013, providing definitions of assault weapons and large capacity magazines, and requiring the safe storage and safe transportation of assault weapons in the Village. In the opinion of the Village Attorney, the adoption of ordinance O-13-24 on July 1, 2013, met the time window requirement included in the State of Illinois' Firearm Concealed Carry Act. As a result, the Village preserved the right to amend the ordinance in the future.

"We hope that our local decision helps spur state and national leaders to take steps to make our communities safer," Rosenthal said. The Ordinance took effect April 13. Those with weapons in the Village prior to that date need to remove them from Village limits before June 13.

Coal Tar Ordinance continued from page 1

Similar ordinances banning the use of coal tar exist in several neighboring communities including Highland Park, Wilmette, Winnetka, Vernon Hills, South Barrington and Evanston. Asphalt based sealants are a readily available alternative to coal tar based sealants and numerous studies by the United States Geological Survey, amongst other governmental entities have shown that asphalt based sealants have significantly lower concentrations of Polycyclic Aromatic Hydrocarbons (PAHs) and lower potential for contributing harmful organic material into the environment.

DEERFIELD

HARVEST FEST

Saturday, September 22, 2018

5:30 – 9:00 pm

Downtown Deerfield Corner of Robert York Avenue and Deerfield Road

Event Details

An incredible evening of music and fun in downtown Deerfield. This event provides the ideal sponsorship opportunity for community businesses. Over 1500 residents and guests enjoyed complimentary food and a glass of wine or beer in the live music setting at Robert York Avenue and Deerfield Road in 2017. The 2018 event promises to be even bigger!
