## Innovation Award

The London Chamber of Commerce has been recognizing local companies for overall business excellence since 1984 with the Business Achievement Award program. The Innovation Award recognizes excellence in the application of existing or new technology in the development of new products, services or business processes and/or improvements to existing products, services or business processes that lead to consistent growth and job creation.

Development must be undertaken in Canada and result in scientific, technological or business process advancement to the company. To be eligible, the nominated business must have been operating for at least 2 years, in the London area.
