¹ Unless otherwise noted in the chart above, all plan deductibles and/or out-of-pocket maximums (OOPMs) are embedded.

* Member amount after the deductible is met. NoDD: Not subject to deductible.

The Difference Between an Aggregate and Embedded Plan

Aggregate (AGG): For any policy with two or more members, the deductible must be met by any one or any combination of members before the plan will make payments.

Embedded: Each member pays toward, but never exceeds, their individual deductible and/or OOPM until the larger family deductible and/or OOPM are met, the plan makes payments for all services of all members on the contract, regardless of the status of any remaining individual deductible and/or OOPM levels.

These plan overviews are intended to provide a general outline of coverage. In the event of any conflict between this document and your Certificate of Coverage, Schedule, and any applicable Rider(s), your Certificate of Coverage, Schedule, and Rider(s) will be controlling.

Health benefit plans are issued or administered by MVP Health Plan, Inc., MVP Health Insurance Company, MVP Select Care, Inc., and MVP Health Services Corp., operating subsidiaries of MVP Health Care, Inc. Not all plans available in all states and counties.

Standard vs. Non-Standard

Standard plans are based on what the State dictates must be included in benefit details. Non-Standard plans contain unique features that enhance the value of the benchmark benefits.
