The Carpinteria Valley Chamber of Commerce is moving!

Our Leadership Team is in search of an enhanced office space that will make our members proud.

We are excited about our quest to find an office suite in which we can offer a *Carpinteria Co-Working Space* to better serve both our members and the Carpinteria Community.

In the meantime, it's business as usual as we are working virtually and we are always on hand to help.

If you are interested in learning more about our dream office, please contact me as I'm happy to further discuss our vision.

We appreciate your support and hope you will join us at one/all of our upcoming events.

Thank you for your continued investment,

Joyce
