Developing Community Leadership to Benefit the City of Mesa Since 1981

**Class of 2019
Application Packet**

INTRODUCTION

The Mesa Leadership Training & Development Program was inaugurated in 1981 with the belief that Mesa has potential leaders who are seeking the opportunity to serve and need the exposure to the information, organizations and leaders to make that service possible.

Over thirty years later, we are proud to say that over 700 alumni have graduated from the Mesa Leadership Training & Development Program. Many of our graduates have pursued public office, served on city boards and commissions and/or donated time and energy to benefit the city of Mesa and its residents.

PROGRAM OVERVIEW

The Program is from August to May and includes monthly classes, tours and activities. Participation in Mesa Leadership is tracked using a point system. Points are accrued for classes, tours and activities. A minimum of 500 points is required for graduation. A complete packet with additional details will be provided at the first class.

Classes

There are nine class days, typically held on the first Friday of each month from from 7:30 am to 4:00 pm. Each class highlights a different topic that relates to the city of Mesa such as city history, city government and administration, sustainable development, municipal services, the arts and education. Classes are led by leaders from community, business and non-profit organizations. Lunch and afternoon refreshments are provided.

Attendance at classes is a significant part of the program and absences must be approved. Any student who misses more than two (2) classes will not graduate with his/her class.

Tours

The class curriculum is augmented by a series of educational tours and activities to give participants access to the “inner workings” of Mesa. Tours are chosen based on the topics covered in monthly classes and have included trips to the Municipal Court, City Hall, Boeing, the Mesa Arts Center, United Food Bank, Phoenix-Gateway Airport and other locations.

Attendance at every tour is not required but students are encouraged to attend as many tours as possible to get the broadest exposure to the businesses, agencies and organizations that make up the Mesa community.

Shadowing

Each student must shadow a local leader and provide an oral and written report back to the class members and program advisors in order to earn the associated points. **The shadowing activity is required for graduation.**

Class Project

During the Program, the Mesa Leadership class is required to select and complete a class project which benefits residents or organizations in Mesa. Complete information will be provided at the first class. **Participation in the class project is required for graduation.**

Activities

Additional activities such as ride-a-longs with police, fire, code and parks departments and attending a board meeting for a non-profit organization is part of class participation. **One ride-along is required for graduation.**
