## 2018-19 Sponsorship Form

The Greater Stillwater Chamber of Commerce is working with local businesses to build a *Phase One* of an attraction called **Stillwater Lights**. Phase One will include a lighted tunnel from Mulberry Point to Myrtle Street in Lowell Park and be displayed until the end of March, lite from 4-10 pm daily. *We will be creating an ongoing **Stillwater Lights Committee** to discuss further phases. If you are interested in participating, please let us know. We see this attraction growing in the future with additional lights, lighted signs, etc. We are hoping to see winter events hosted in the park with this as a beautiful backdrop. A special thank you to the City of Stillwater and Hotel Crosby for your partnership.*
