If you make it past the primaries, do you intend to attend the 2021 Public Officials and Candidates Night Reception from 5:00pm to 8:00pm on Wednesday, September 22, 2021?

Yes, I intend to attend the event and have blocked out the time on my calendar

Q3

Why are you running for elected office?

Having been an active volunteer within my community for over twenty-five years, I seek out opportunities for applying my education, life experience, and leadership skill toward acts of service for others is a very gratifying experience to me. I am proud of the legislative contributions and policy decisions I have made during my past three and half years as a City Councilmember, working collaboratively toward continuously improving SeaTac as a place where we all take pride in calling this our home.

Q4

What do you consider to be our community's top challenges?

Exponential regional growth, affordable housing options, community safety, environmental quality, and pandemic recovery.

Q5

How will you work with the business community to find solutions?

SeaTac maintains a highly supportive Economic Development Department at City Hall. Travel-related industry and local business are fortunate to have access to the outstanding services of the Seattle Southside Regional Tourism Authority and Seattle Southside Chamber of Commerce organizations operating in our city. Additionally, Soundside Alliance is available to assist in locating and promoting business opportunities within the five municipalities surrounding Sea-Tac Airport. I have been and will continue to be a strong proponent of these organizations. I will continue to support allocating a portion of our Human Services funding for small business growth and advancing worker training and education. I will continue to advocate for financially responsible spend management, efficient government operations and oppose any new taxes, including B&O or utility taxes.
