Q2

If you make it past the primaries, do you intend to attend the 2021 Public Officials and Candidates Night Reception from 5:00pm to 8:00pm on Wednesday, September 22, 2021?

Yes, I intend to attend the event and have blocked out the time on my calendar

Q3

Why are you running for elected office?

I look to bring a new view to the council which will be based on an educational platform. I want transparency through education and to help both sides understand each others needs and as to what each party wants.

Q4

What do you consider to be our community's top challenges?

What I consider to be the top challenge of Normandy park would be the city council being able to communicate with the public on certain issues and topics, specifically the recreation center. I also see the city council being exclusive in regards to the public when it comes to many issues. We need to include more of the public in decision making. This is only one of many issues that the city of Normandy park faces.

Q5

How will you work with the business community to find solutions?

I plan on continuing to use my connections to build not just a local, but regional type of relationship to help strengthen the base of awareness and interaction between the business base in Normandy park and surrounding cities. This regional outreach could lead to support not just for the business community, but the municipality as well. Using integrated approaches with local businesses and municipalities can lead to better support when it comes to a small business.

Q6

Where can your constituents find more information about you and your campaign?

My constituents can contact me at my email or cell phone. My email is dalcraig@hotmail.com and cell is 206 715 9190. Though email would be better for records anyone can leave me a message and I would give them a call or email back.
