Q2

If you make it past the primaries, do you intend to attend the 2021 Public Officials and Candidates Night Reception from 5:00pm to 8:00pm on Wednesday, September 22, 2021?

Yes, I intend to attend the event and have blocked out the time on my calendar

Q3

Why are you running for elected office?

I have been a resident of Burien for over 25 years. The political landscape of the past 5 years has motivated me to pay more attention to what is happening politically in Burien, which prompted many questions about decisions that were being made on behalf of the Burien community that were not in the best interest of the Burien community. For example, the DESC facility. While I agree that we need to have resources available to empower the less fortunate in Burien, I disagree with the way that the DESC facility has been proposed. The collective actions of those involved in pushing the DESC facility on our community clearly communicate that this facility is designed to serve and benefit King County and not Burien. We need a City Council that prioritizes the citizens and businesses of Burien and that is what I will bring to the table.

Q4

What do you consider to be our community's top challenges?

With respect to Burien, 1) Crime & Safety 2) Homelessness 3) Business Development

Q5

How will you work with the business community to find solutions?

I will work with the Burien Business Community by listening to their pain points and putting myself into their shoes to understand their perspective. I will educate myself on all of the available resources and possibilities available and work together with the Business Community to come up with a win-win scenario. We are stronger when we are working together and I will approach each situation with that mentality.
