The Chamber Alliance Program has been developed to strengthen the relationship between the NSW Business Chamber and the Local Chambers of Commerce within NSW. This program represents a significant opportunity to unite the Chamber movement and provide members of the Local Chamber access to benefits of the NSW Business Chamber at no additional cost.

The objectives and benefits of the program are:

- Foster and develop a co-operative, non-competitive relationship between the NSW Business Chamber and the Local Chamber movement by offering Local Chambers a limited NSW Business Chamber membership for their members. This dual membership arrangement strengthens the value proposition of the Local Chamber membership and removes the concerns around competition for membership.

- Create one voice for business in NSW and the united Chamber movement to represent business interests at a local, regional, state and federal level. This will be achieved through Local Chamber engagement with us at our policy forums, information on media releases, engagement with Relationship Managers.
