

Carrie Young has more than thirty years direct experience across a range of military and utility activities. Carrie is the Senior Director of Corporate Operations Services for Salt River Project. She is responsible for developing strategies, setting policies and leading a shared services organization that includes Supply Chain, Facilities and Transportation functions.

Carrie is an Air Force veteran, serving as an appointed Commissioner for the City of Phoenix Veteran Commission. Carrie serves on the Executive Committee and Board of Directors for Better Business Bureau of Central, Northern & Western Arizona, and Western Energy Institute (WEI) Corporate Services Board. She is also executive sponsor of SRP's Veterans employee interest group (SRPVETS).

In support of her professional background, Carrie has been involved in a variety of community activities and served on numerous boards, including Steering Committee for Phoenix 2020 Women on Boards; Chair, WEI Women in Leadership Program; WEI Executive Planning Committee; Board member, Utility Supply Chain Management Alliance; Adjunct College Professor, Estrella Mountain Community College; Board member, New Life Center; and Selection Committee, Greater Phoenix Chamber Athena Awards.

Carrie holds a Bachelor of Science degree in Computer Science from Chapman University and a Masters Degree in Information System Engineering.
