*Chinese Auction, Door Prizes & More!*

*Partial Proceeds To Benefit...*

**America's VetDogs:** America's VetDogs was founded by the Guide Dog Foundation for the Blind in 2003 to help those who have served our country honorably live with dignity. Service dogs are specifically trained to help mitigate disabilities for veterans with blindness, spinal cord injuries, hearing impairments, peripheral & central balance disorders, limb loss, traumatic brain injuries and post-traumatic stress disorder. Today, the organization is faced with increased demands from veterans of all eras, active military personnel, first responders & others wounded in the line of duty. Service dogs are provided at no cost to the individual. With an assistive dog by their side, no hero is ever alone.

**Kiwanis of East Meadow "Kamp Kiwanis":** Community service is the primary goal of the Kiwanis Club of East Meadow. EM Kiwanis strives to fulfill the Kiwanis vision of changing the world, one child and one community at a time. Each year, EM Kiwanis sends 36 children to a week of sleep away camp at Kamp Kiwanis, located 6 miles north of Rome, NY. Kamp Kiwanis is aimed at providing fun, physical exercise and adventure, and strives to afford opportunities for children to participate in creative outdoor groups in a democratic setting to develop characteristics of leadership and fair play. The program is designed to mainstream all children, including up to 20 each session with special needs.

**Nassau/Suffolk Autism Society:** NSASA is part of the oldest autism organization that is celebrating its 51st Anniversary. This chapter is over 40 years old and is a grass roots group dedicated completely to helping more than 2000 families here locally on Long Island. Our mission is to help our families and individuals with autism become fully participating members of the community. NSASA does this by hosting more than 100 social events each year and by donating iPads to programs dedicated to autism that have children/adults that cannot verbally communicate, giving them a voice. All funds raised stay in the community.

**NUMC Pediatric Department:** The Primary Care Pediatricians at NUMC encourage healthy habits that will keep children healthy and active and provide services for all children in Nassau County, including comprehensive outpatient services from newborn to 20 years of age, well-baby and well-child check-ups, childhood vaccines, sick child visits, screenings for developmental problems and education on adolescent health issues. NUMC also provides state of the art care in the pediatric emergency room and inpatient pediatric ward. Funds raised allow this department to purchase medical items such as a pediatric vein finder, making it easier to start IV's on children, as well as bedside video game systems to lessen a child's fear of being in the hospital & making a child's stay in the hospital as pleasant as possible. Funds raised have also allowed this department to refurbish the pediatric waiting room to make it more child friendly and interactive.
