Mayor Welcome

Many elements need to come together to make a community great and businesses play an important role in this process. Lisle businesses range from the small mom/pop shops to corporate giants that interact on a global stage. I am pleased that a significant number of our businesses have thrived in Lisle for decades with many choosing to expand or build new facilities “in place.” It’s also gratifying to see new businesses opening throughout the village, and I extend a warm welcome to all.

I encourage businesses to take an active role in our government so we can discuss how to make Lisle an even more business-friendly community. Volunteer to become a member of one of our boards, commissions or committees. Share your ideas or suggestions on how we can work together to build upon past successes. Support economic development initiatives that will benefit you and the Lisle community. Together, we can work to ensure businesses continue to grow and expand in Lisle.

I have found that business owners often have a special calling to contribute beyond simply selling a product or service. Many become leaders in the community they serve, donate time and money to special causes, advocate for ethical business practices and more. Lisle would not be the wonderful community it is today without its dedicated business partners.

As the cover of this directory depicts, the Chamber and its members are often involved with organizing and running special events. Diverse events such as the Downtown Lisle Car Shows, golf outings, dinner dances, ale fests, 5K runs and more contribute to something that is hard to measure, but an important factor in a community’s success – quality of life. Special events have a unique way of bringing people together and facilitating enjoyable interactions, making people feel at home and connected to their community, extremely positive outcomes.

As mayor, I want to thank the business community for all that it does, and I especially want to thank the Lisle Area Chamber of Commerce for its steadfast dedication to its members and this village. I look forward to continuing to collaborate on issues that will move the entire community forward.

ECONOMIC DEVELOPMENT

From humble rural 1832 beginnings when the first two settlers arrived in what is now known as Lisle, innovation has played a key role.

Today’s growing business-friendly village is rich in resources, high-tech business “pioneers” and is home to 22,390. During the day, Lisle’s population increases by thousands as employees commute to business districts and visitors travel to The Morton Arboretum and other community events and attractions.

Infused with nature and a plethora of natural greenspaces, green or sustainable initiatives are abundant throughout the community. “The Arboretum Village” is resplendent with mature trees, flowers and scenic prairie vistas. It is home to the 1,700-acre nationally renowned Morton Arboretum, which attracts more than 1 million visitors annually, as well as a number of corporate headquarters and businesses with abundant prairie plantings, ponds, and scenic grounds.

Encompassing only six square miles, the Village of Lisle often is described as having the perfect combination of a small-town community atmosphere and big-city amenities. Lisle offers businesses, residents and visitors year-round natural splendor, economic opportunity and a high quality of life. Currently midway through the process of updating its 1999 Downtown Lisle Master Plan, the village hopes to develop a comprehensive blueprint to direct investment and development in the coming decade.

DOWNTOWN COMES ALIVE WITH NATURE-INSPIRED THEME

Downtown Lisle recently has completed an award-winning transformation to become a pedestrian-friendly, lively retail and restaurant district that represents the heart of the community. A beautiful, new prairie-style streetscape inspired by Frank Lloyd Wright winds past unique shops and boutiques (many featuring updated prairie-style facades), one-of-a-kind restaurants and comfortable seating areas in front of the nature-themed fountain at the entrance to The Garden Walk. Mature trees, extensive planting beds filled with flowers and grasses and multiple seating areas encourage guests to linger throughout the downtown area as they shop, dine and enjoy expanded recreational opportunities.

The new 4.5-acre PrairieWalk Pond recreational area is a popular site for community activities and events, featuring lighted walking trails surrounding a two-acre pond lined with colorful plantings, a gazebo, preserved wetlands and a fantasy-filled children’s area known as Dragonfly Landing, complete with splash pad fountains. The PrairieWalk Pond draws visitors of all ages throughout the year.

Growing a Business-Friendly Community

Lisle is a thriving community of more than 1,000 businesses. Many corporations of national prominence such as Navistar International and its 88-acre corporate headquarters, SunCoke Energy, John Morrell, Armour-Eckrich and more are located along the prestigious I-88 corporate corridor. Others including the world headquarters of Molex, Inc., are located in business and shopping districts or within office parks interspersed within the community.

New this fall, the Science of Spirituality Meditation Center will employ a $20 million investment to build a meditation room and expand its presence along eight acres on Warrenville Road. The global, multi-faith organization, which strives to help individuals achieve richer inner lives and experience personal transformation through meditation and healthy lifestyles including a vegetarian diet, plans to create a 75,000-square-foot campus after a new 58,000-square-foot sanctuary connected to the 17,000-square-foot day care building is added.

An active 300-member Chamber of Commerce supports this diverse business base, offering ongoing support, educational and networking opportunities.

An abundance of technical and professional training also is available through local schools including Benedictine University and National-Louis University. Their targeted educational programs lay the foundation for an educated and 21st century-ready workforce ready to meet the high-tech needs of today’s businesses. More than 79 percent of Lisle residents are college educated and have advanced degrees, and some 77 percent are employed in professional, sales, management and financial occupations.

LOCATION, LOCATION, LOCATION.

Homeowners and business planners know location is key when it comes to putting down roots. Lisle is ideally situated just 25 miles west of Chicago in prosperous DuPage County, in the heart of a major transportation network consisting of interstates, rail and bus lines and airports. Both O’Hare and Midway airports are approximately 35 minutes away. Metra commuter trains provide fast, reliable service to Chicago within 30 minutes. Pace buses provide service along the major corridors throughout the village.
The Arboretum Village is truly a place for all seasons, with activities and events celebrating community, collegiality and drawing residents, business professionals and visitors throughout the year.

Relax and unwind as you stroll the fragrant Garden Walk to Downtown Lisle’s newest amenity, the PrairieWalk Pond, a 4.5-acre sustainable natural park featuring lighted pathways, walking trails, native plants and flowers, a gazebo, preserved wetland and seating area. The Dragonfly Landing children’s play area boasts a 10-foot tall “flowering” spray mists, a shelter with a living roof that serves as a gathering space, whimsical tree house, climbing frog and cattail swingers.

Located 25 miles west of Chicago in scenic DuPage County, the Lisle Park District was incorporated in 1967 and serves 33,000 residents within a 12-square-mile border that extends beyond Lisle to include portions of Naperville, Woodridge and unincorporated county areas.

With more than 40 parks encompassing 396 acres, Lisle Park District facilities offer an extensive selection of recreational and leisure time activities and programs for the young, young-at-heart and everyone in between.

From abundant nature trails for hiking and biking, 31 playgrounds, a nine-hole golf course with adjacent restaurant, Wheatstack Midwestern Eatery & Tap, Sea Lion Aquatic Park, Community Center, an outdoor amphitheater, band shell, community ramp park, Community Park Fitness Center, an historic museum campus, preschool program and active senior center programming, there is always something new to explore, see and do in “The Arboretum Village.”

The nature-infused community is home to some of Illinois’ most protected wetlands. Make sure to take advantage of the many pathways through small, natural wetlands where you’ll find native prairie grasses, plants and birds.

Community Park (1825 Short St.) is a 110-acre centerpiece of the community, serving as the focal point for a variety of outdoor sports and special events. Here you’ll find sled hills, ball and soccer fields, lighted tennis courts, a ramp park, two picnic pavilions with scenic lake vistas and the Community Park band shell. From picnics to concerts, all three picnic pavilions are popular three-season event venues. The VanKampen Memorial Stage offers a terrific venue for entertainment during the annual Eyes to the Skies July 4 festival, as well as church functions, concerts in the park and more intimate occasions such as weddings and parties.

The Community Center houses Community Park Fitness, and contains rooms used for fitness classes, dance classes and recreational programs. Members can work out with strength and cardiovascular equipment as well as free weights at the Community Park Fitness Center while enjoying views of Community Park.

The Lisle Recreation Center (1925 Ohio St.) just west of the existing Community Center, houses Lisle Park District administrative offices, the Gentle Learning Preschool, 50+ Senior Center and SEASPAR. This 40,000-square-foot facility includes just over 20,000 square feet
of renovated space, including: a large waiting room/lobby, several multipurpose rooms, conference rooms, secured access to the Gentle Learning Preschool classrooms, where tiny tots up through age five learn through play in an environment without paperwork or desks. The 50+ Senior Center, located at the northeast entrance of the Recreation Center, offers a wide variety of programs and services designed for adults age 50 and older who are looking for fun social activities.

River Bend Golf Club (5900 S. Route 53) is described as “nature’s challenge to every golfer.” Named one of Chicagoland's best nine-hole public courses in 2012, River Bend features bent grass tees, greens and fairways. Offering scenic overviews of the golf course is Wheatstack – A Midwestern Eatery & Tap, where visitors enjoy great food, a welcoming bar and raised deck for al fresco dining.

Cool off with a refreshing dip at the Sea Lion Aquatic Park (1825 Short St.), an award-winning water park that offers summertime fun for residents and visitors. The park features a large open swim area that slopes upward to a zero-depth shallow end, two 50-foot body flume slides, two drop slides, a vortex pool, splash playground, sand and kiddie water play area, teen pool and Sammy’s Snack Shack concessions.

The Museums at Lisle Station Park (921 School St.) provide visitors the opportunity to learn about the heritage and culture of 19th century northern Illinois. Settled in 1832, the life of this agricultural community revolved around the railroad depot and the area became known as Lisle Station.

A cooperative effort of the Lisle Park District, Lisle Heritage Society, and the Village of Lisle, the museum campus was created in 1978 to provide a home for the community’s historic train depot. Historic buildings include the Beaubien Tavern, a blacksmith shop, CB&Q Waycar #14584, the Lisle Depot Museum and the stately Netzley-Yender Farmhouse.

H ome may be where the heart is, but for Lisle residents, the place to call home may be a traditional single-family abode, or one of several other options available in the bustling west suburban community of more than 22,000.

Lisle housing options, designed to encompass all seasons of life, range from expansive estates, to single and multi-family detached homes, townhomes, condominiums, apartments, premier executive suites and starter homes. You’ll also find several retirement communities offering both independent and assisted living options.

Nearly 44 percent of Lisle’s housing market consists of single-family detached homes nestled throughout the “Arboretum Village.” Mature trees, abundant foliage and nature are prominent features throughout the community and in subdivisions like Green Trails, which boasts 25 miles of walking trails, nine lakes, 17’ public parks, grassy open spaces, flatlands and gentle hills.

Known as home to the world-class Morton Arboretum and its 1,700 acres of woodlands, wetland, prairies, lakes and meadows, Lisle offers homeowners big city amenities in a small town setting, top-tier medical care, abundant shopping and entertainment options, high performing schools, close proximity to the prestigious I-88 corporate corridor and a vibrant pedestrian-friendly downtown area with popular restaurants, retail centers and hosting an abundance of community gatherings/festivals.

Redevelopment is bringing a variety of new housing options the Lisle community. Arbor Trails is a new residential subdivision of 162 homes on eight acres along Lisle’s southern sector. Avant at the Arboretum, located along Lisle’s corporate corridor at the intersection of I-355 and Warrenville Road, features views of The Morton Arboretum along with amenities such as pools and patio grilling.

A new $50 million development, Marq on Main, is located at Main St. and Burlington Ave. The five-story mid-rise community will include 201 upscale premiere apartments conveniently located near the train station. She is a familiar face to library patrons, having served since 1998 in a variety of capacities. Prior to her new appointment, she served as readers’ advisor, reference librarian, assistant director of information services and assistant director/director of adult services.

HISTORY

In 1963, members of the Lisle Woman’s Club expressed a dream to see a full-service public library developed in the community. A year later, the Friends of the Lisle Library group formed to work for passage of a referendum to create a permanent library facility. The Lisle Library was founded as a library district in 1965.

The original store front facility, which opened in 1967, had 1,250 square feet of space. A new 12,500-square-foot building was constructed at 777 Front St. in 1981, and a 13,500-square-foot building addition dedicated in 1989. The library building was reconfigured in compliance with the Americans with Disabilities Act in 2007. New furniture, carpeting, and a bright new window area on the Adult level was added at the time.

The library also offers a film club and five professional librarian-facilitated book discussion groups including sci-fi, mystery, fiction and nonfiction.

Computer classes include sessions on databases such as Ancestry.com, Lynda.com, Twitter and Facebook for Beginners, in addition to one-on-one personal computing instruction.

Chess Monday draws chess lovers of all ages to challenge partners with strategic and tactical moves as they play the game of kings.

“Public libraries are essential hubs of community access, education, information and connection,” said newly-appointed Library Director Tatiana Weinstein. She will direct services and programs in accordance with the library’s mission, vision, values, goals and objectives and is accountable to the seven-member board of trustees. “Every day brings a new experience or challenge – as well as new faces. I’m honored to work in this field and for such a great public library.”

Some banks celebrate branches. We celebrate roots.

In 1917, our bank was first chartered. Our purpose was to help people finance their homes. Today, we have the same purpose. And only two branches, right here in Lisle. Instead of rushing to spread far and wide, we prefer to stay close to home. Your home. Your family. Your community. Come grow with us.
