What makes this festival unique?

We offer a variety of free experiences for community and families. Vendors are subject to a selection process, which ensures you meet great proprietors who value the hometown atmosphere of our festival. You'll find only the finest goods and food here.

What is the reach of the festival?

Our vendors come from all over the Southern states to bring you the very best they have to offer. Thousands of attendees trek primarily from Georgia and Florida to enjoy the festivities. With increasing marketing efforts and reaching even farther, we hope to be able to provide hard data figures in 2019 for attendees and vendors.

Why "Skillet Festival"?

The name "Skillet Festival" comes from efforts to promote our area's largest industry- agriculture. Without agriculture, what can you put in a skillet? Over the years, the festival has evolved into a food fair and a day to appreciate Brooks County and all we have for you.

Fun Fact: Brooks County, GA also holds a Guinness World Record for the most skillets tossed simultaneously!

What organization is responsible for the festival and how can I contact them?

The Skillet Festival is sponsored by the Quitman-Brooks County Chamber of Commerce.
