STATEMENT OF SUPPORT McKinney National Airport Master Plan

The McKinney Chamber of Commerce Board of Directors recognizes the importance of McKinney National Airport as an economic engine for the City of McKinney. Because of its importance to the growth, development, and long-term economic benefit to the City, the business community, the citizens, the school district, and the region, the Chamber supports its continued growth.

In addition, the Chamber supports the proposed Master Plan for McKinney National Airport. After a year of study, analysis and visioning, the City Council will be asked to adopt a Master Plan that includes the long-term growth, investment and acquisition of land to secure the vitality of the airport. The Chamber supports the proposed plan and believe it provides an expert guide for future planning and development.

About the McKinney Chamber

The McKinney Chamber of Commerce is an advocate for the McKinney business community and proudly serves as the unified business voice of McKinney. The Chamber, which celebrated its Centennial in 2014, represents over 40,000 employees from more than 1,250 business investors in McKinney and throughout the North Texas region. With a rich heritage of leadership and collaboration, the Chamber works in concert with the City of McKinney, community partners and the corporate community to promote, advocate for and expand business.
