

About Our Committees

and the opportunities that await

Ambassadors

Work closely with the Chamber, attend Ribbon Cuttings and Milestone Anniversaries and participate in making Retention Program successful. Members will have input into and work closely with Membership Committee to implement programs to generate new, and retain existing members.

Membership

Evaluate potential changes in dues structure for the Chamber, identify and recommend value propositions for membership, including incentive programs. Evaluate reciprocal and reduced membership with related organizations. Work on diversity initiatives to increase diversity in membership, identify potential members and structure some recruiting events for them.

Program

Evaluate and recommend keeping/dropping/restructuring existing programming, recommend new programming, recommend pricing structure for members and non-members, amenities to be offered at events, and evaluate programming partners.

Energy

Work on developing partnership relationships with energy companies and energy-related organizations, evaluate programming for energy-related events, and develop programs for increasing membership and participation of energy companies in the Airport Corridor

Military Affairs

Evaluate ways of supporting the military mission in the Airport Corridor, work with military on partnership programs and Honorary Commanders Program, determine ways of increasing relationship of Chamber members and the military community.

Communications

Develop, help implement, and support a social media program for the Chamber, and evaluate current media communications and determine whether to retain, terminate or modify such communications.

Pilots

Our Professional Innovative Leaders of Tomorrow work to develop networking and other activities for our 40-and-under members.

Community Growth and Government Affairs

Guide the Chamber's advocacy efforts, organize and participate in a municipal symposium, and work on lobbying efforts in Harrisburg and Washington, including visits to each location to meet with area legislators.

Business Resource Center

Work on creating a new Business Resource Center, develop marketing plan for facility, operational revenue plan, identify potential sponsorship opportunities and work on Sustainability Campaign to identify potential donors while working with other Chamber members on soliciting donations .

Education

Obtain funding and volunteers for the CHOICES program, support the scholarship program offered by the Foundation, and plan and evaluate educational programs offered by the Chamber.

EVENT COMMITTEES

Plan and implement event, solicit prizes for event, help to set up and manage event

Jingle Fest

Summer Gala

Golf

Women's Interest Network

Mixers with Shakers
