

# The Brampton Board of Trade Top 40 under 40

2018 will be a momentous year for Brampton as we move forward with making our city the best it can be. We are recognizing change makers and the spirit of leadership is evident in every corner and at every turn in which our city intersects.

The nexus driving these connections, these linkages, and most importantly, these relationships, are the dedicated individuals who join together to make Brampton a better place to live, work and play.

## The future is bright!

As we set our sights high, we must do all we can to support those who have dedicated themselves to supporting Brampton and who exemplify the spirit of leadership when it comes to making an impact on improving our city. It is also integral that we continue to ensure that Brampton is a place where young professionals and new graduates want to remain, return, and relocate to.

## Perhaps you know someone who has put Brampton on the map

Maybe you are aware of a young entrepreneur whose creativity has been lauded in their field.

Are you connected to someone working in a field of study whose leadership has made a great impact upon Brampton and perhaps even Canada?

Do you know of someone who is an inspiration in their commitment to the people and city of Brampton?

It's quite possible that one of your neighbours or colleagues has made a commitment to their community through volunteerism and has changed the lives of others in the process.
