Company History? Years in Business? Calhoun Mortgage, INC is a newer company. As the Owner/President, I am excited to bring Quality Customer Service, Low Interest Rates, and Fast Closings to the Community. I saw a need for better options for my clients and decided to fill that need.

Products or Services: Mortgages for Residential Homes. Conventional 1%, 3%, 5% down, FHA 3.5% down, FHA 203k, Rural Development 0% down, VA 0% down (Thank you for your Service), Reverse Mortgages, Reverse Purchase, Refinances, and many more!

Accomplishments most proud of: I can't just think of one accomplishment that I am the most proud of. I think sometimes getting through the day to day shows more strength, endurance, and persistence than any one big accomplishment, especially as a Business Owner, Mom, Wife, Community Supporter, etc.

Greatest obstacles/challenges: I think with most business owners one of the biggest obstacles is doubting yourself. I pushed through it and believed in myself.

What do you foresee in the future for business: I want to plant Calhoun Mortgage, INC's roots in the Livingston County community! I love this Community and feel blessed to have my business located here.

How does the chamber help you? The Chamber is a staple to the community and it helps to bring the community and businesses together.

When not working? I enjoy family time, being outdoors, a good book, and donating my time to community organizations.
