Company History? Years in Business? Started in 1975 by Dr. Ken McDaniel. Moved to current location in 1984. Dr. Chris McDaniel joined 1999 and Dr. Ryan Miller joined in 2007.

Products or Services: Caring, individual family dentistry for people 1 to 101.

Accomplishments most proud of: Giving back to the community that has given us so much. Giving back is by the Hartland Smilemakers Scholarship to Hartland students, providing free mouth guards for HAYAA athletes and the Relay for Life.

Greatest obstacles/challenges: Continuing to "wow our patients" and to show them how very important they are to us, especially after they have been coming for 20, 25, 30+ years.

What do you foresee in the future for business: Hartland is an amazing, growing place that is great to live in and to work in. I see great things for the Hartland Smilemakers and for Hartland.

How does the chamber help you? Provides marketing ideas. Provides opportunities for service to the community. Provides connection with other local businesses, companionship and ability to get and give support to other small business owners.

When not working? Serve at Church, Coach basketball and football. Play racquetball, ski and watch Michigan football games.
