Think about Hosting a Networking Event

Guidelines

The purpose of a Business After Hours (BAH) event is to allow Chamber members to meet one another, to introduce new and prospective members, to network, and to promote business in a relaxed social atmosphere. We look forward to helping promote your business! The following guidelines will assist sponsorship and facilitation.

- A BAH event is usually scheduled from 5:00 to 7:00 p. m. This schedule is flexible according to the needs of the sponsor. Usually the Chamber will introduce the event, thank guests and members, introduce the sponsor and give them the opportunity to promote their establishment.
- Each sponsor is encouraged to display business materials, conduct tours and/or provide door prizes which represent/promote their business.
- If a BAH is arranged for outdoors, a backup arrangement is required in case of inclement weather.
- Sponsors are responsible for the choice of food and beverage. Every attempt will be made to determine in advance the number of guests expected to attend.
- Sponsors *may* include any of the following: wine, beer, soda, punch, coffee, bottled water, tea, etc. Note: it is not necessary for sponsor to include alcoholic beverages, but most usually do. If it is a restaurant, a cash bar is acceptable.
- Please remember: Sponsorship of the event is limited to Chamber members. BAH is a Chamber function provided for the enjoyment of its members and prospective members. Non-Members will be charged a small registration fee.
- The Chamber will provide publicity and promote the event in the monthly newsletter, email and other areas such as radio and print, as necessary. The sponsor is also encouraged to invite business contacts and help to promote the event as well.
