# Columbia County, GA Career & College Expo

**MIDDLE & HIGH SCHOOL STUDENTS AND PARENTS**

As the 16th largest district and growing, the Columbia County School District is home to a community of 32 schools with more than 27,000 diverse student learners. This year alone, the Columbia County School District handed out more than 1,200 diplomas during commencements, where approximately 500 of those students graduated with academic honors and accrued more than \$5 million in scholarships.

The Columbia County School District is home to a wide variety of career pathways focused on providing a pipeline for students directly to the growing workforce in the Greater Augusta Area. From careers in the nuclear or cyber fields, to technical trades and healthcare and education, the Columbia County School District relies heavily on the close connections with local businesses, higher education institutions and partners in education to provide work-based learning opportunities and other rigorous academic curriculum to connect the right qualified student to the right employer quickly and efficiently.
