

Our Objective

The Metro North Chamber of Commerce accepted a challenge in 1982 to ensure that a new leadership pipeline be added to our business community. The Chamber created Metro North Leadership to identify individuals with leadership potential, to strengthen their leadership abilities and to develop quality leaders within the Chamber and the community-at-large.

Program Highlights

Metro North Leadership is an immersion program enabling participants to ascend to the next level of business and community leadership through a variety of focused training. The program brings diverse people together to broaden their experiences and perspectives with an emphasis on leadership.

The Metro North Leadership Program begins each August and runs through June, with one full-day session each month. Each class challenges participants to enhance their management and leadership skills through interactive exercises. The community is the classroom as meetings are held in a variety of forums throughout the Metro North region.

Participants learn through various channels including presentations given by prominent speakers within the public and private sectors, in-depth dialogue and debates and other interactive experiences. Leadership skills are emphasized in all learning activities.
