City Government

What is Leadership Columbus?

Leadership Columbus was designed to expose people to the opportunities, problems and resources available in the Columbus Community. Whether new to the area or a life-long resident of Columbus, the class has something to offer anyone willing to put forth the time and effort needed to become involved and make a difference in Columbus.

Class members will learn about different organizations, be exposed to the problems that face our community and have the opportunity to brainstorm on how to make a difference. There are 9 days of learning, sharing and meeting new business contacts.

Orientation-Brush up on leadership skills and share current perceptions of the Columbus Community and get to know your class.

Growing Agriculture- Learn and see what makes agriculture Nebraska's number one industry.

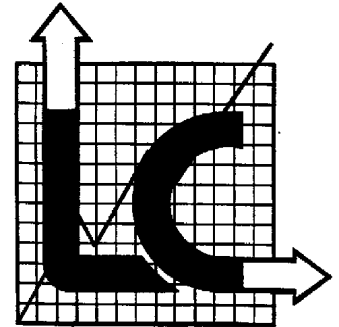

Education-Speak with administrators, teachers and students on the opportunities & challenges that are in our schools.

Economic Development- Hear about how our community is rapidly changing and what it takes to make all of that happen.

Law Enforcement -Ride along for an evening with a law enforcement officer. Visit with a judge, attorneys, and tour the jail.

Quality of Life – Hear from community leaders regarding future community planning and hear from various organizations that help address community needs

Government - Travel to Lincoln, sit in on a legislative session

and visit the Governor, a Supreme Court judge and Legislative Senators.

City Government- Discuss the current issues of our community with the city councilmen.

Graduation-Develop a class project that will make a difference in Columbus.

Most sessions are held from 8:00 am-4:30 pm on Fridays unless noted otherwise. Deadline to return applications to the Chamber office is August 23, 2019.
