

Publicity & Prestige

There's no doubt about it: Chamber membership speaks for you in ways that you cannot imagine. Average consumers make a world of positive assumptions about you and your business the minute they see a Chamber decal on your door or window. While that decal is working its magic, you can work your own! Let the Chamber be your partner as you build your reputation in the community.

When We Get Noticed, You Get Noticed!!

We promote Calhoun-Gordon County in these magazines and/or websites, welcoming visitors to the area so that they can shop and dine, browse and buy from YOU as they visit: ExploreGeorgia.org, Georgia Travel Guide, georgiahighCountry.org, Kansas City BBQ Society and "The BullSheet", Georgia EMC Magazine, Northwest Georgia Living Magazine and Southern Living Magazine.

Georgia Commissioner of Economic Development Chris Carr presented Sarah Husser, Gordon County's Director of Convention & Visitors Bureau, with the coveted Commissioner's Award.

Keep It In The County

Our Keep It In The County Sponsors are featured on a digital billboard that is viewed by more than 40,000 drivers each and every day!

There aren't many names in business that are bigger than American Express! That's why our Business Engagement Committee ties its Christmas Open House Shopping Event to the Sunday before Small Business Saturday. We drum up the customers and you toot your own horn!

The Chamber's Convention & Visitors Bureau works around the clock to get heads in beds and feet on streets in Gordon County!

Billboards like these attract people to stop and stay, whether they enjoy quiet time on the golf course or an action-packed day of shopping. These fully-lighted billboards are located on the Golden Corridor of Interstate 75, one of the longest in the U.S., travelling from southern Florida to the northern tip of Michigan.
