

US 2/US 53 E 2nd Street Project

March 2020

Project work will begin April 6, and will continue until Mid October.

- Expect a single lane of traffic both North Bound and South Bound for the duration of the project.
- There will be significant travel delays, especially during the afternoon commute hours.
- Traffic configurations will be changing frequently as work operations progress.

There is some overlap in these dates, as work operations will spread out in different segments over the project length.

The proposed schedule is subject to change due to site conditions, weather, and other unanticipated impacts.

DATE	WORK EXPECT
April 6 to April 17:	<input type="checkbox"/> A single lane will be closed both North Bound and South Bound for the entire project length for preliminary work.
April 17 to June 15:	<input type="checkbox"/> Concrete pavement repair work will be the main work operation. <input type="checkbox"/> The Belknap Street intersection will be closed to turning trucks and freight traffic, and a detour will be signed. <input type="checkbox"/> South Bound will be restricted to a single lane, between 1st Ave and 28th Ave. <input type="checkbox"/> North Bound will be a single lane between 28th Ave and 22nd Ave for bridge construction.
