

2018 Medallion Hunt Week 5

A twenty by forty-four
Accommodates two folks or more
In a pickle, are you?
Yes, this is quite new
Eleven's the game-ending score

Near where the medallion now rests
Play a sport some consider the best
Though it was once banned
A group of young fans
Put muscle behind their requests

Find the place where the sides of "L" meet
Trudge twenty eight paces due east
In nature it hides
So go find the prize
Have lots of fun trying, at least

You've been with us from the start
You read the clues and played smart
The quest is now done
Great job, everyone
We thank you for taking part
