FAMILY, PRIDE, DEDICATION...

The Barn Quilts of DeWitt County program is proud to be an established quilt trail in the Central Illinois region since 2011. Our tour began with a big dream, and with lots of research and help from those quilt trails established before us, the Barn Quilts of DeWitt County became a reality.

This grassroots effort was created to build community pride and promote DeWitt County's deep-seeded agricultural roots. DeWitt County's barn quilts are painted by local community organizations and talented volunteers, and are sponsored by families and businesses that believe in this project. DeWitt County may be small in size, but our spirit and dedication are nothing less than great. Like us on Facebook!
