COVID-19 Best Practices

Thank you for choosing to visit Bar Harbor! As our guest, we want you to know that we will do our very best to provide a safe, enjoyable visit to our property. In partnership with the Bar Harbor Chamber of Commerce, we have set the following standards for ourselves to ensure your safety.

GENERAL GUIDELINES

• Our business has committed to comply with the standards set by the State of Maine in order to operate and receive guests.

• All cleaning, sanitizing, & disinfecting shall be to a safe level as recognized by the CDC utilizing disinfectants approved by the EPA.

• Require cleaning staff to wear face coverings, practice good hand hygiene, cover coughs and sneezes, and avoid touching their eyes, nose, & mouth.

• Launder all linens (bed sheets and coverings, bath towels, kitchen towels, cloth napkins, etc.) at the highest heat setting recommended by the manufacturer during each changeover cleaning.

• Clean first, then disinfect. Use appropriate cleaners to first clean stains, dirt, grease and dust. Then use approved sanitizers and disinfectants to treat surfaces.

• Pay special attention to clean all frequently touched surfaces (handles, handrails, tables, chairs, keypads, countertops, etc.).

• Clean sofas, rugs, drapes, and other soft, porous surfaces with the appropriate cleaners indicated for use on these surfaces.

• Ventilate all rooms during changeover cleanings.

• Replace any literature (visitor guides, magazines, maps, flyers, etc.) with new copies and dispose of old copies.

• If possible, provide additional supplies (soap, sanitizers, disinfectants, disposable gloves, etc.) for guests to utilize if needed during their stay.

• Encourage social distancing by offering self check-in and checkout.
