

2/26/2019

Hello Chamber Members, Gateway Supporters, and South Baldwin Chamber Partners!

For the first time in over a decade, all 5 Baldwin County Chambers of Commerce have come together to speak with a **unified voice** to our legislative delegation.

Through your survey input and collaboration between the Chamber executives and governmental affairs committees, we've developed the **[2019 Baldwin County Chamber Coalition Legislative Agenda](#)**

The agenda has been shared with all of our elected officials; the legislative session begins March 5th.

The [Gateway Initiative](#) team will continue to send regular email updates in an effort to keep the business community informed and engaged. Be on the lookout for communications from us once the session begins.
