SEMINAR SCHEDULE

- Seminars are Located in the A+ Room

A fine selection of diverse exhibitors!

Are you planning a home design and remodeling project this spring? Exhibitors for this home show will include over 30 local businesses related to home design and remodeling, such as interior designers, home builders, remodeling contractors, home technology companies, landscapers, tradesmen, real estate agents, banking and mortgage professionals, furniture, furnishings, flooring, countertops, kitchen and bath, art, accessory and drapery/window treatment resources, organizing service consultants, cleaning services, catering companies and more.

Seminar Presentations

"At home in Hinsdale" will feature 5 educational seminars about various home design and remodeling topics. Seminars will be held in A+ room of The Community House. Each seminar will run 30 minutes in length.

Seminar Schedule

10:15AM-10:45AM Presented by Berneche2 Architecture, PC.

"The Design Process" Berneche2 Architecture, P.C. will walk you through a complete design process from start to finish focusing on a residential project and showing you a step by step process on what Berneche 2 architecture, P.C. does when conducting house design and drawings.

11:00AM-11:30AM Presented by Normandy Remodeling

Kitchen Seminar Title: Secrets of the Ideal Kitchen

A great kitchen is more than just pretty cabinetry and plenty of counter space. The layout of your kitchen and how the primary points of access relate to each other have an impact on the overall enjoyment of the kitchen far more than any other element. Find ways to maximize your kitchen's functionality as well as ways to make textures, colors and styles meld together to create a kitchen that's uniquely you!

12:00PM-12:30PM Presented by J.C. Licht

WINDOW TREATMENT MOTORIZATION for safety, for convenience or just to be cool! Let Nancy Keegan and Matthew Kandl show you what's new in motorized

window treatments. Integrate shades into your home automation systems for ease of operation. Shades, blinds, drapery just about everything can be motorized. Shades can be hard wired or battery operated. Add a hub and operate your treatments anywhere, any time! Attendees will be entered into a raffle to win a FREE Hunter Douglas Hub (\$200.00 value). A great opportunity to get all of your motivation questions answered.

1:15PM-1:45PM Presented by TKL Design Group

Explore the latest trends, ideas and influences in plumbing, lighting, appliances and fixtures for the kitchen and bath. See how striking forms and modern shapes can be daringly used throughout the modern space. Mid-century Modern lighting is re-emerging as a dominant lighting and what that means. Technical innovations from digital readouts to wireless connectivity are being incorporated in many types of appliances. Participate in discussions of how to put these elements together to get the kitchen and bath of your dreams.

2:00PM-2:30PM Presented by UNILUX NOVUS Intelligent Fenestration, LLC.
