

BENEFITS AND EXCLUSIVES FOR CHAMBER MEMBERS

Benefits available to all Chamber members		Free or discounted, exclusively to Chamber members	
Chamber Energy Alliance*	The Chamber Energy Alliance is a budget portfolio deal that offers Chamber members the simplicity of a fixed contract with flexible purchasing benefits. A member opting into this product will benefit from competitive energy rates as multiple businesses come together to purchase their energy requirements as one.	✓	Option to become part of the Chamber Energy Alliance.
Chamber Energy Helpdesk	A freephone Chamber Energy Help Desk and email service offers all Chamber members the opportunity to speak to a dedicated energy specialist.	✓	Members can call the Chamber Energy Helpdesk free. T: 0800 923 0210 E: info@chamberenergysolutions.co.uk
Bill Analysis	As part of the Chamber Energy Solutions procurement service, we will conduct a full analysis on your previous bills. This includes checking your renewal date to avoid extension into out of contract rates, your kVa supply, CCL charge, type of meter, VAT and amalgamation of sites into one contract if required. With your authority we can also liaise directly with the supplier on your behalf to gain renewal rates and search the market for alternative supply agreements.	✓	Free for all members.
Benefits available to members procuring through Chamber Energy Solutions			
Energy Health Check	A snapshot of members' energy usage in their business.	✓	Free to Chamber members. Usual price £75.00.
Energy Audit	A full energy review of a members' business or site, conducted by a team of qualified and accredited Energy Surveyors.	✓	10% discount.
Water Audit	A unique Water Audit service to identify and help deliver water efficiency savings and costs reductions.	✓	10% discount.
Edd:e system	Advanced monitoring and understanding of members' energy usage down to circuit level.	✓	10% discount.
Utility Insight	A reporting platform that analyses data from a smart meter and helps to interpret it.	✓	First meter free.
Water Bill validation	A detailed analysis of all aspects of a business's water and sewerage bills.	✓	Free initial validation.
Carbon Zero service	An opportunity for Chamber members to become carbon neutral, by offsetting gas and electricity usage through Chamber Energy Solutions.	✓	Exclusive member rate of £3.70 per tonne of carbon.
