

Waste Management is a leading provider of comprehensive waste management and environmental service solutions in North America and is the world's largest processor of recycled materials. Waste Management is headquartered in Downtown Houston at 1001 Fannin, Houston, TX and has 12 site locations across Harris County and the surrounding area.

One of the 12 locations serving Harris County is **Waste Management of Pasadena**, located at 3520 Pansy, Pasadena, TX 77505. This facility serves 1.6 million residential customers monthly, houses a total of 185 collection vehicles, and employs 190 employees, 44 of which are Pasadena residents. The facility participates in a variety of activities that make the Pasadena community a great place to live, work, and play.

Community

We are committed to serving the community through the support and sponsorship of many local organizations, programs, and events such as:

- Pasadena Fourth of July Festival
- Armand Bayou Martyn Farm Event
- Armand Bayou Prairie Event
- The City of Pasadena Can Food Drive
- Pasadena Taste of the Town
- Pasadena Christmas Parade and Tree Lighting
- Trash Bash at Bay Area Park
- Pasadena Chamber of Commerce
- New Hope Women's Center
- St. Juan Diego Church
- Peace Lutheran Church
- Project Joy and Hope
- Recycling education within Pasadena ISD
- Team Up to Clean Up

In addition to the above organizations, we provided support to the Pasadena community following the devastation of Hurricane Harvey.

- We collaborated with the Pasadena Neighborhood Network and assisted with a cleanup effort to support a local resident who was affected by Harvey.
- We provided a Harvey relief donation of \$100,000 to support Can-Do and in-kind services to the Cajun Army at Oak Meadows Church.

Environment

Our commitment to the environment is evident in many programs that help protect our natural resources and promote responsible land management. In addition to providing the highest standards of service, we are dedicated to enhancing the surrounding environment. Some of our efforts include an annual donation of roll-off services for the Texas Parks and Wildlife annual crab trap removal in Galveston Bay, and the management of six certified Wildlife Habitat Council sites across Texas, which amount to 962 acres of protected wilderness.
