Mission Statement
“To promote economic growth and the quality of life in the greater Dade City area”
From The Desk of the Director

Dear Chamber Members,

The 34th Annual Joe Kiefer Golf Tournament is just around the corner – **Friday, April 5th at the beautiful Lake Jovita Golf and Country Club.** Cliff Martin, Todd Batchelor, Michael Johnson and Matt Maggard our Golf “Team”, and their hardworking committee have been busy planning for the event – bigger and better than ever! Special thanks to our presenting sponsor – **AdventHealth Dade City**, couldn’t do it without you!

The goal of our Golf Tournament is to raise funds for the ongoing business development initiatives, tourism support and membership activities of the Chamber – and to have a lot of fun doing it!!

**We need corporate sponsors, “hole” sponsors (only $150) and players to make this happen** – and it’s not too late to participate – **please see the enclosed golf form for your use.**

A couple of upcoming events you shouldn’t miss –

- **Chamber Business Breakfast** on Tuesday April 16th at AdventHealth Dade City, sponsored by the Hospital and featuring updates on the capital improvements underway.
- **Chamber Business Breakfast** on Tuesday, May 21st at AdventHealth Dade City where we will be recognizing our scholarship recipients. Breakfast sponsored by Tim Dozier, IR Staffing. Please come out and join our students and families.

Both of these breakfasts will be well attended – please make sure to RSVP to the Chamber office at least the week prior to the event to ensure your seat! (352-567-3769 or online) – and remember – you can purchase an entire year of breakfast admissions for only $8 each – please call Jo to arrange.

Our Education Committee, Chaired by Sister Roberta Bailey, will be awarding scholarship plaques to deserving Pasco High students at the breakfast on May 15th.

Recent activities have included another in our Discover Dade City series, with our committee working with the goal of hosting a workforce development symposium at Saint Leo University in early summer.

The **Chamber’s 2017/18 Annual Banquet and Community Awards** is scheduled for Thursday, June 6th at the Tampa Bay Golf and Country Club. The time in NOW to reserve your seats – the event has sold out the past couple of years. Nomination Forms for numerous community awards are available at the Chamber or by emailing us.

**Please remember the Chamber Membership is our life blood. Please refer a member, retain a member and let the staff know about prospective members. THANK YOU for your continued partnership!!**

**John Moors, Executive Director**

*The Greater Dade City Chamber of Commerce does take pictures and videos at Chamber events in order to promote our Chamber members and the organization. These images/videos may be used by the Greater Dade City Chamber of Commerce in their printed and online publicity, on social media, in newspapers and magazines, or in any other ways that further the aims of the Greater Dade City Chamber of Commerce, whose mission is “to promote economic development and quality of life in the area.”*

*The Chamber publishes this newsletter for our members information. Much of this information is provided by our members. The articles and information submitted to the Chamber belong to their author and do not necessarily mirror the views and opinions of the Chamber.*
Our agency recently lost one of our members who took her own life. While the reasons why she did this may only be known to her, this act affected everyone from her family, to her friends, and coworkers. Probably everyone has been touched in some way by the tragedy of suicide. No profession is immune and high-stress jobs are especially vulnerable, including law enforcement, doctors, lawyers, and other prominent career fields. But no profession, no culture, and no socio-economic group is exempt from suicide.

I hope everyone knows that there are resources for anyone contemplating taking their life. We all know that the stresses from life, our work, and our family can be overwhelming at times. But these stresses can be dealt with, with the assistance of professionals and support from people who care.

We can help our friends or loved ones who may be contemplating suicide. Many individuals who are thinking about it may give signs to those close to them, even verbalizing suicidal thoughts. Always take such comments seriously and try to get the person to open up about what they mean.

Unfortunately, some people believe that showing signs of pressure or the difficulty of dealing with the stresses of their lives is a weakness. Nothing could be farther from the truth. People naturally seek out medical care if they are seriously injured. It should be the same with mental or emotional health issues. It takes a lot of courage to seek help for pain or trauma that is not visible on the outside but can be just as damaging.

Some signs of people who may be thinking of harming themselves include the following:

- Depression
- Anxiety
- Alcohol abuse
- Drug abuse
- Aggression
- Isolation or withdrawal from family and friends
- Talk of hopelessness
- Talk of suicide

People who think that they may be suffering from depression or other mental health issues can call the National Alliance on Mental Illness, which has a Helpline at 1-800-950-6264, or text NAMI to 741-741. The local Pasco County chapter can be reached at 727-992-9653.

Anyone who is having thoughts of harming themselves should immediately call the National Suicide Prevention Lifeline at 1-800-273-8255. The Lifeline Center calls are free and confidential and are manned 24 hours a day, seven days a week by trained crisis workers. This person will listen to you, understand how your problem is affecting you, provide support, and get you the help you need. These counselors are trained to help youth, disaster survivors, veterans, loss survivors, LGBTQ+, and basically any individual in crisis.

I urge anyone, or the loved ones and friends of anyone, who may be showing signs of harming themselves to reach out and find support. It may not be easy, but there are many who have been in the same situation as you who have learned to find a way to survive their trauma, often with the support of friends and family. You are worth it, and I know that others in your life will tell you the same. Help is available.
We look forward to you joining us at THE MARKET PLACE at Hibiscus Park on Saturday, April 6th from 10 am – 3 pm. You will enjoy the outdoor vendor shopping experience, especially as Derrick provides music entertainment from 11 am – 2 pm.

Easter is just around the corner and some of the vendors will be offering seasonal decorations. You will be able to enjoy delicious homemade pasties from Jackie and different flavors of cupcakes from Grammy Kim’s Sweets & Treats. Tropical Wine Shop of Dade City will be providing a wine tasting. Other vendors include honey, Paparazzi Jewelry, handmade wood products, wind chimes, Dade City Soap Company, repurposed feed bags and so much more can be found at THE MARKET PLACE!

For additional information or interested vendors, please contact Lucy Avila at 352-424-4972 or lucyavila707@gmail.com. We hope you will bring your friends and stop by for an enjoyable day in Dade City! Dogs on a leash are certainly welcome (with your baggie to pick up after them).

THE MARKET PLACE is sponsored by the Dade City Youth Council.

Location: 7th Street & Bougainvillea Avenue (In front of the Dade City Garden Club)

First Saturdays ~ September, 2018 thru May, 2019
Pet Friendly ~ Open to the Public ~ Free To Attend

PHSC TO FOCUS ON COLLEGE READINESS EXPERIENCE FOR QUALITY ENHANCEMENT PLAN

As part of the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) 2020 Reaffirmation of Accreditation process, Pasco-Hernando State College is required to develop a Quality Enhancement Plan (QEP). The process of developing the QEP began when a committee consisting of faculty, students, staff, administrators, and community members was established to identify a topic specific to the needs of PHSC in line with the institution’s vision and mission. Through the work of the QEP Topic Selection Committee, College Readiness was identified as the topic.

Following topic identification, another committee was established, the QEP Development and Implementation Committee, comprised of faculty, staff, students, administrators, and one member of the District Board of Trustees. This committee has been working on defining the topic of College Readiness and planning a course of action to improve student success.

The mission of PHSC’s QEP seeks to improve student success in introductory college-credit-bearing courses and increase completion and retention rates by providing engaging, meaningful, and relevant learning experiences in four specific areas of College Readiness. PHSC’s mission will help students utilize problem-solving skills, pursue intellectual openness, effectively manage time, and persist in achieving academic goals. The course of action will be a College Readiness Experience for targeted first-time-in-college students.

“Through their dedicated efforts, research and creativity, QEP Development and Implementation Committee members will continue the outstanding work that has already been accomplished for the betterment of our students and their learning,” said Stanley Giannet, Ph.D., vice president of academic affairs and faculty development and college provost. “We are confident that the development of a phenomenal College Readiness Experience will most certainly improve student success.”

The College Readiness Experience is a new program for PHSC.
Saint Leo University helps all creatures, great and small, and its Paws of Love organization was founded to help rescued and sheltered animals while protecting the environment.

On February 26, Paws of Love organizers and volunteers celebrated the completion of one of its missions by presenting Pasco County Animal Services with 135 lasso leashes to be used at the county’s Land O’ Lakes, FL, shelter. Assistant Director Spencer Conover and members of the Animal Services staff, along with office dog Olivia, accepted the leashes.

The Office of Student Affairs started the project in the summer and during New Student Orientation on August 20, freshmen, transfer students, and others made healthy no-bake dog treats; assembled first aid kits for pets; and created braided dog toys from recycled T-shirts. The Lions tennis teams donated tennis balls to be used for pet toys.

The treats and toys were donated to the Humane Society of Pasco (County), Pasco County (FL) Animal Services, DC Dogos; and Destiny for Dogs to sell and some items will be sold by Paws of Love to those in the community. In addition, Paws of Love collected monetary donations.

“We raised more than $700 for the leashes for Pasco County Animal Services, and we were able to buy a microchip reader for another rescue group,” said Heidi D’Ambrosio, executive assistant to the vice president of Student Affairs.

The goal was to purchase enough of the leashes so that each kennel at Pasco County Animal Services will have its own leash. Prior to receiving the donation from Saint Leo and Paws of Love, kennel volunteers would have to wait to take dogs for a walk if others were using the leashes that were available. “If 10 volunteers are there, they have to wait until someone is done,” D’Ambrosio said.

Now, the leashes will allow more dogs to be exercised at the same time, enabling each dog to receive time outdoors, she added.

Paws of Love benefited from the work of many. Students (and faculty and staff) helped create “cat trees” and other items during National Make a Difference Day in October, while students in the Fall 1 Semester’s Interdisciplinary Approaches: Service & Therapy Animals (IDS 300) course helped make dog treats and toys. Saint Leo University’s Counseling Services offers “Puppies and Pizza” twice a semester—once just before midterms and again just before finals week—and students not only had the opportunity to cuddle with a dog, but they also could create items for Paws of Love.

True to the university’s core values, Paws of Love not only helps other creatures and the community, but also “upcycles” items that would go in landfills. By using old T-shirts and tennis balls to make the pet toys, Paws of Love is helping the environment. “It really shows that we can make a difference together,” D’Ambrosio said.

More than 150 students have participated in Paws of Love. Volunteers, fraternity and sorority members, the Student Government Union, and others are doing community service and creating items or volunteering at shelters. They will be finishing cat trees that will be donated to Pasco County Animal Services. In addition, Paws of Love will be at Dogs’ Day in Dade City on Saturday, March 16, to sell items. The event will be held from 10 a.m. to 2 p.m. in Agnes Lamb Park, 14200 Ninth St., Dade City, FL 33523 (off of Meridian Avenue). Money raised will go to Pasco Animal Services and other rescues to help more animals.

Olivia, the “office dog” at Pasco County Animal Services, visited Saint Leo University on February 26 to receive a donation of leashes from Paws of Love.

Saint Leo University’s Paws of Love volunteers celebrated the donation of 135 lasso leashes to Pasco County Animal Services (along with Animal Services’ “office dog,” Olivia).
The Mayor’s Communiqué

Happy Spring! Clocks were turned forward in March providing additional daylight hours. Hopefully, this allows for valued time with family and friends outdoors engaged in sports, walking trails, biking or whatever activity fits your schedule to keep your mind and body healthy!

Additional daylight is a perfect opportunity for the Dade City Youth Council to host one of its most popular annual events, Dogs’ Day in Dade City.

Dade City Youth Council hosted its tenth annual Dogs’ Day in Dade City in March along with several dedicated sponsors who have provided continuous support over the years. The Dog Parade, costume contest, K-9 challenge, Canine Got Talent? , along with the very popular, ice cream eating contest with dog and owner, provided entertainment at its very best. This event continues to draw visitors and their four-legged friends from various out of town destinations to experience Dade City. We had a wonderful turnout and a magnificent day! This year, we were proud to introduce Officer Burns and Tyke to the community and educate all on the importance of having a trained police dog as a member of our Dade City Police Department. Officer Burns and Tyke were joined from members of the Dade City Police Department and the Dade City Police Explorers who were instrumental in ensuring our event was successful for all the families and their four-legged friends. Proceeds from this event continue to support needed equipment for our “Dogs Diggin Dog Park” in Price Park, planned expansion for additional dog parks in the City, as well as a pet pantry to help families provide food for their four-legged friends when circumstances prevent from doing the same.

In addition to Dogs’ Day in Dade City, Movie in the Park is planned for the end of year in partnership with Cox and Pasco Elementary for the students and families. Looking forward to additional venues and activities for Movie in the Park as school ends. Keep an eye out for a new special summer project that will launch with the DCPD during the summer months. Remember also to visit The Marker Place, the first Saturday of the month in Hibiscus Park from 10-3. Great time to mingle with friends, explore new offerings by vendors and enjoy our beautiful parks.

While all these social events are taking place, members of the Dade City Commission and the Dade City Youth Council headed to Tallahassee once again this year for Florida League of Cities Legislative Agenda Days to meet with legislators about issues important to all in our cities. The Commission stressed the importance of funding needed for the Dade Oaks Pond project. This is another important piece of our stormwater management projects which will assist in attracting new visitors, businesses and job to our area. We are working hard to ensure your voices are heard in Tallahassee to defend our home rule here in Dade City.

Camille, Mayor Dade City
USF Research Study Seeks to Reduce Risk of Alzheimer’s in Dade City

What if solving brain games and puzzles on a computer could reduce the chances of developing dementia such as Alzheimer’s or delay the debilitating loss of function associated with the disease?

That’s the question researchers from the University of South Florida (USF) are seeking to answer through a pioneering new study that will test a training regimen designed to improve brain function. Using a multi-million dollar grant from the National Institutes of Health (NIH), the researchers are conducting a study of up to 1,600 older adults, who will learn a mental exercise routine focused on processing information to target cognitive improvements over time.

“This is a large primary prevention trial to examine if computerized cognitive exercises will reduce the risk of dementia,” said Dr. Elizabeth Hudak, Research Assistant Professor at USF Morsani College of Medicine. “It is the first of its kind study that will train adults on these exercises.”

As one ages, cognitive functions associated with thinking and memory can decline. Dementia is a general term for a decline that interferes with daily life, and Alzheimer’s is the most common form of dementia.

An estimated 5.7 million Americans are living with Alzheimer’s today. By 2050, the number is projected to rise to nearly 14 million, according to the Alzheimer’s Association.

The primary investigators of the new study “Preventing Alzheimer’s Disease with Cognitive Training” or “PACT” are Dr. Jerri Edwards with the USF Department of Psychiatry and Behavioral Neurosciences and Dr. David Morgan with Michigan State University and former head of USF Health Byrd Alzheimer’s Center and Research Institute.

There are four study sites in Florida, including one in Dade City. Other sites are in Tampa, St. Petersburg, and Lakeland. There is also one site in Michigan. Each site will host up to 400 older adults.

“Exercise is just as important for our brains as it is for our bodies and the type of exercise really matters for the brain,” said Dr. Jennifer Jones Lister, USF Professor with the Department of Communication Sciences and Disorders, who will supervise data collection in Dade City. “Exercises that continue to be challenging and adapt with performance across time are the most beneficial to improving quality of life.”

The research study will consist of a variety of brain games on a computer in which participants are asked to indicate what they saw or heard and solve puzzles. Each participant will visit a study site three times to learn how to follow the mental regimen. Over the course of three years, they will complete a total of 45 hours of computerized training exercises on their own. Researchers will then monitor for cognitive improvements or signs of decline.

Prior studies have shown such training is an effective way to reduce chances of developing dementia. In 2017, findings from the Advanced Cognitive Training for Independent and Vital Elderly (ACTIVE) study showed that among nearly 3,000 healthy older adults, those who completed 11 or more computerized sessions were up to 48 percent less likely to develop dementia across a 10-year period than adults who did no exercises at all.

“Cognitive training enhances mental quickness and visual attention, improves gait speed and balance, promotes safer and prolonged driving mobility and maintains health and well-being, including protection against depression,” said Dr. Alisa Houseknecht, USF Study Coordinator.

The researchers will recruit adults 65 years of age and older who are willing to commit to the exercise training and are not experiencing dementia or other forms of neurological disease. A family history of Alzheimer’s does not disqualify a person.

“We will be looking across time to see who ends up with dementia and who does not,” said Lister. “We estimate that even if this intervention delays onset of dementia by only one year, that would be 9.2 million fewer cases across the next 30 years.”

For more information about the research study, visit www.pactstudy.org

If you want to volunteer for the PACT study to help us prevent Alzheimer’s Disease, call our Dade City office at 352-658-3184 to see if you qualify. We hope to hear from you soon!
Hometown Hero

Robert “Rob” Tungate came to the Dade City Police Department in Jan 2016 with nearly 25 years of law enforcement experience with the Tampa Police Department. He worked in many different areas while at TPD, which makes him a great asset to the DCPD.

Rob has quickly demonstrated his expertise and dedication to our department, being promoted to Detective in January 2017 and to the rank of Sergeant in August 2019.

As a Sergeant, Rob has continued to prove his dedication and has been a proven asset in his tenure here.

In the early morning hours of Tuesday, February 26th, 2019 while on patrol in the area of the 37800 block of Southview Avenue, Sergeant Tungate was flagged down and alerted to the strong smell of smoke in the area by a citizen who was jogging.

Sergeant Tungate located and entered the residence and removed a female from the home without hesitation in an attempt to save her life. We are proud of Sergeant Tungate and his continued efforts to always serve and protect the citizens of the City of Dade City.

Fun Facts About April Fools' Day

- The day is called Poisson d’Avril in France. This means April Fish. Kids tape a paper fish on their friends’ backs and yell out “Poisson d’Avril” when their friends finally find it.
- In England they use other words for fool such as “noddy” or “gobby”.
- The codename for one of the spies who helped to capture Iraqi leader Saddam Hussein was named April Fool.
- In Scotland they call the day “Hunting the Gowk”.
- In Portugal they celebrate by throwing flour in their friends’ faces
Congratulations to the February 2019 Citizen of the Month

Sister Helen Lange, OSB
(1913 – 2019)

Sister Helen Lange came to the Benedictine Sisters of Florida from Olfen, Texas in 1930. She was one of eight children all born at home on the family farm to Joseph and Helena Matthiesen Lange. Sister taught elementary and music education for over years throughout Florida. She held administrative posts in New Orleans, Ocala, Jacksonville Beach, Sarasota, North Miami, Venice, St. Leo, and San Antonio.

Upon retiring from the teaching profession, Sister Helen studied gerontology and served as pastoral minister at Bon Secour Maria Manor nursing home in St. Petersburg, Florida. She also served as the on-site coordinator with the Elderhostel program that was hosted in the 1990’s by the Benedictine Sisters at Holy Name. Her memoir “Kicking the Habit,” written in 1999, celebrates loving stories of her life. Her over-riding philosophy was living a life of hard work and love for God and people.

Sister enjoyed interaction with people and during the past six years of her life at Heritage Park continued her service walking the halls ministering to other residents.
Thank you for all you do Dade City PD!
You are truly the best!

Big Brothers Big Sisters of Tampa Bay would like to thank the Dade City Police Department for dedicating their time and efforts to their littles at Rodney B. Cox Elementary. These officers are everything we could hope for in a mentor. They embody our mission statement perfectly, which is to provide children facing adversity with professionally supported, one-to-one mentoring relationships that will change their lives for the better, forever. Their devotion to serving the community and enthusiasm for their littles has not gone unnoticed. Keep up the exceptional work and continue making an impact in the community you serve.

Happy Easter

Earth Day April 22

Earth Day was founded in 1970 as a day of education about environmental issues, and Earth Day 2019 occurs on Monday, April 22. The holiday is now a global celebration that’s sometimes extended into Earth Week, a full seven days of events focused on green living. The brainchild of Senator Gaylord Nelson and inspired by the protests of the 1960s, Earth Day began as a “national teach-in on the environment” and was held on April 22 to maximize the number of students that could be reached on university campuses. By raising public awareness of pollution, Nelson hoped to bring environmental causes into the national spotlight.

Out of Our Hands Gallery will be hosting an art-event Friday, April 5th in celebration of Spring, called "The Birds and the Bees, and the Flowers and the Trees.."
There will be a reception starting at 5pm to 8pm. New art will be on display with that theme and some of our artists will be joining us for an evening of light refreshments, beverages and live music. The show will run through the month of April.

We also have additional art classes available in the month of April;
Basic Pottery, Intro into Acrylic Painting, Intro into Mixed Media, Open studio time, and Parent & Child mixed media.

Visit our website for details, or call the gallery at 352-437-3204 OutOfOurHandsGallery.com

PHSC TRUSTEES TO REVIEW PROPOSED COURSE-RELATED FEE ADJUSTMENTS

Pasco-Hernando State College’s District Board of Trustees (DBOT) will consider approving proposed adjusted course-related fees at its April 16, 2019 board meeting, to be held at 6 p.m. at the West Campus in New Port Richey, 20130 Ridge Road.

Fee adjustment proposals are reviewed and approved for DBOT consideration by PHSC’s Council of Academic Affairs, a committee that includes representation by administrators, deans, academic department chairs, program directors, faculty and staff.

For details regarding proposed fees adjustments, justification for the fees and fee implementation details, visit https://policies.phsc.edu/policies-and-procedures/public-disclosure. Questions or concerns about the proposed fees should be directed to the appropriate dean listed on the web page.

Many fee adjustments relate to vendor increases for workforce courses, laboratories, and program testing. Some fees may be covered by financial aid, scholarships and grants. All fees charged by vendors are negotiated by the college, with additional fee increases and decreases expected in the coming academic year.

Considered among the most cost-effective public colleges in the nation, PHSC has not raised tuition since the 2012-13 academic year. For more information about Pasco-Hernando State College programs and services visit phsc.edu.
Proposed Bill Signals Changes for Voters

With the opening of the legislative session on March 5, 2019, the Florida State Association of Supervisors of Elections (FSASE) is actively monitoring SPB 7066, a proposed bill that if passed will impact voters in the 2020 election cycle. The legislation proposes several changes to deadlines and timelines to mitigate ballot processing issues which surfaced during the 2018 recounts. FSASE is most interested in those parts of the bill that a). move the Primary Election date from 10 to 11 weeks prior to the General Election, b). the changes in the initial and final mailing dates and canvassing of vote-by-mail ballots, and c). the efficiency of using provisional and vote-by-mail cure affidavits as an automatic voter signature update.

Moving the Primary Election to an earlier date buys more time to count, cure, and recount (if necessary) ballots cast in the Primary before the cycle of the General Election begins. An additional day would also be added to the timeframe in which county canvassing boards are required to submit their first unofficial results for a Primary Election.

The legislation also proposes change for the bulk mailing of vote-by-mail requests on file. The prior law designated overseas ballots be mailed at least 45 days prior to an election, and domestic ballots between the 28th to 35th day prior. The new legislation changes the timeframe of domestic ballots to "not later than" 28 days before an election. This measure gives supervisors flexibility to mail ALL vote-by-mail ballots earlier than later, takes advantage of savings on bulk mailing rates, and administratively streamlines the process. The advantage to domestic voters is that they will receive their ballots earlier in the cycle, and hopefully, return them earlier. The legislation moves the start date of vote-by-mail canvassing from 15 to 22 days before an election allowing more time for ballot processing.

In 2017, new legislation was passed for vote-by-mail voters to "cure" a mismatched signature. The 2019 legislation introduces a similar process for provisional ballot voters. The new law also clarifies an oversight in the 2017 legislation that disallowed supervisors to use signature affidavits to permanently update the signature on a voter’s registration record. Voters will no longer be required to complete a voter registration application for a signature update in addition to the already-completed affidavit.

The final bill currently known as SPB7066 will take effect January 1, 2020. We will continue to monitor the process as it makes its way through the committees to the senate floor. The House of Representatives State of Affairs Committee has proposed a bill which the association will follow once introduced. The legislative session is expected to end on May 3, 2019.

Saint Leo University marked the beginning of the Lenten season on Ash Wednesday, March 6, with Mass, the receiving of blessed ashes, and “the wheel of penance.”

At 11:30 a.m., Father Kyle Smith, university chaplain and a Saint Leo alumnus, celebrated Mass in Saint Jude Chapel and distributed ashes outside of the chapel beginning at noon. A second Mass was scheduled for 5 p.m., also in Saint Jude Chapel.

In the morning, Smith celebrated Mass and distributed ashes for the university’s Tampa and MacDill education centers at the Tampa location in Channelside.

Those receiving ashes are reminded, “Repent and be faithful to the Gospel, and “Remember that you are dust, and to dust you shall return.”

While Ash Wednesday is not a holy day of obligation in the Catholic Church, Mass attendance and the receiving of ashes, reminds people to repent their sins and begins the 40 days of Lent, which prepares Christians for Easter.

Traditionally, Catholics and some other Christians have given up something during Lent. At Saint Leo, students, faculty, and staff spun the “wheel of penance,” a raffle prize wheel. They committed to doing whatever act the pointer landed on, “but only for a week,” noted Smith, “not the entire 40 days unless they want to do so.”

For senior Richard Ocampo, that means drinking water rather than soda/soft drinks. “I can do that,” Ocampo said.

Krista Jones, assistant director of Counseling Services, spun the wheel, and it landed on putting down while talking with others (face to face). Other items included giving up social media for a week, taking cold showers (to help the environment), and giving up snacks, among others.

“Given the meaning and spirit of Lent as a period of repentance and penance, it is good to consider giving up something that is very important, which will vary from individual to individual,” said Dr. Marc Pugliese, associate professor of religion. “It is also good to try committing to perform charitable acts instead of giving something up.”

Photos by Benjamin Watters, Saint Leo University

Rev. Kyle Smith, university chaplain, places ashes on the forehead of Jordan Williams, a sophomore, who is majoring in sport business.

Members of the University Ministry team, Father Kyle Smith, and Saint Leo University students outside of Saint Jude Chapel on Ash Wednesday.

Our Mission: “to promote economic growth and quality of life in the Greater Dade City area.”
Do you know what your Septic System Do’s are???

- Do spread laundry use over the week rather than many loads on one day. While it might be convenient to do so, dedicating an entire day to doing laundry will put a severe strain on your septic system. Consider connecting your laundry to a separate permitted laundry interceptor. While not normally necessary, will reduce the load on the regular system and permit the survival of a marginal system. Space out your laundry loads and wash only full loads. The average load of laundry uses 47 gallons of water. One load per day rather than 7 loads on Saturday makes a big difference to your septic tank. Also, front loading washers use less water than top loaders.

- Use liquid laundry detergent. Powdered laundry detergents use clay as a ‘carrier’. This clay can hasten the buildup of solids in the septic tank and potentially plug the disposal area.

- Minimize the amount of household cleaners (bleach/ harsh cleansers) and similar toxic substances. Detergents, kitchen waste, laundry waste and household chemicals in normal amounts do not affect the proper operation of household septic systems. However, excessive quantities can be harmful.

- Do make a permanent record of where the key parts of your septic system are located for future maintenance (i.e. septic pumping service or field repairs).

- Do have septic pumping service regularly. The contents of the septic tank should be pumped every two to three years on average. If the tank is not cleaned periodically, the solids are carried into the absorption field, or drainfield as it’s more commonly referred to. Rapid clogging occurs; premature failure follows and finally, the leach field must be replaced. Maintaining your septic system is less expensive than replacing your drainfield.

- Do keep the records of septic pumping service and septic system maintenance.

- Do use water-conserving devices where possible. Low flush toilets and shower heads are commonly available. Install low usage water fixtures. Showerheads (2.5 gallons/minute), toilets (1.6 gallons), dishwashers (5.3 gallons, and washing machines (14 gallons). By installing fixtures such as these, the average family can reduce the amount of water entering the septic system by 20,000 gallons per year!

- Have your pump and/or filter of your system maintained yearly.

- Do remove or prevent trees with large root systems growing near the leach field. Don’t plant trees around your drainfield. Roots from trees in the immediate area of the absorption lines may clog the system.

- All roof and footing drainage and surface water must be excluded from the system. Drainage water can be discharged to the ground surface without treatment. Make sure it drains away from your septic system. Roof downspouts should not drain toward the drainfield.

- Backwash from water softeners contains salt that can damage your drainfield. You should discharge this waste to a separate system or to the ground surface, away from your well and valuable vegetation.

- Keep swimming pools (above or in-ground) away from the drainfield.
Partnered with American Red Cross and American Heart Association to provide your CPR, (AED)Defibrillator, First Aid, (BLS) Basic Life Support training for 2-year certifications! We also provide other classes such as Citizen Hands-Only CPR/AED, Wilderness & Remote First Aid, Responding to Emergencies, BBP, and Professional Babysitter.

not very far… (just 5 minutes north of our old address)
Red White Blue CPR has moved from: 37837 Meridian Ave. Suite 309, Dade City, Fl. 33525 to New office at Dade City Business Center: 15000 Citrus Country Dr. Suite #324, Dade City, Fl. 33523 effective April 1st!

Partner in International Water Safety Day: May 15

The Red Cross is asking our Aquatics Licensed Training Providers to join us and our colleagues at Diversity in Aquatics on May 15th. From school classrooms to swimming pools to parks systems to fitness centers to coastal hotels to police, fire and EMS personnel hosting community events, International Water Safety Day can be celebrated wherever groups of people are brought together—and these important messages are not just for children. The goals for International Water Safety Day are to reduce drowning and water-related fatalities by:

- Bringing awareness and knowledge on how to be safe in and around aquatic areas.
- Increasing knowledge and awareness to recognize hazardous environments.
- Encouraging students to communicate the importance of water safety to their communities, family and friends and share steps they can take to be safer in and around water. Tools to implement International Water Safety Day activities are available, including:
  - FREE stickers with a call to action that can spark discussion after the event. Supplies are limited and will be provided on a first come, first served basis. To ensure delivery, stickers must be requested by April 24th.
  - Resource guide with planning tools and idea starters.
  - Script for announcements on a public address system.
  - Downloadable and reproducible flyer/handout for students. New for 2019!
  - Choices of lesson plans for elementary and middle school-based classrooms and community-based programs.
  - Sticker templates that are customizable with your logo (you will be responsible for printing costs)
  - Digital billboard template

For 2019, we encourage you to share your activities and raise awareness even more with these hash tags: #IWSD #IWSD2019 #InternationalWaterSafetyDay #notonemoredrowning #watersafety Register today! Visit https://www.internationalwatersafetyday.org/ to tell us about your event, request stickers and access resources.

**Member Testimonals**

We have been a member of the Greater Dade City Chamber for many years. We believe that it is just good business to work alongside our community neighbors. The chamber represents the areas of Dade City and San Antonio, where two of our four offices are located and provide banking services. The chamber’s events have continually grown and become staples for our community. We try to be involved with as many as we can. They are a wealth of information, sharing new developments via email blasts and at the monthly business breakfasts. They do a great job of representing our community to others, we are proud of this local partnership.

San Antonio Citizens Federal Credit Union

When I was the director of several drug and alcohol rehab centers I wish I knew the powerful networking opportunities available within a Chamber of Commerce. Like in all businesses, marketing was costly and took up a large part of my time in order to keep our services visible in our community and in front of our referral sources such as health professionals, clinics, hospitals and employers, etc. I wish I knew then what I known now, that all those sources can be found in one place and that place is the Greater Dade City Chamber of Commerce.  

*Frank Notarianni, Dade City, Florida*

John, I just wanted to thank you and the Dade City Chamber for the leadership displayed over the last couple of weeks. With the announcement that Dade City Main Street was shutting down, there was a lot of ‘uneasiness’ among the retail merchants. But you stepped up immediately to reassure us all that the Chamber was more than willing to help with any gaps that might exist after the shut down. As a member for the last 16 years I am not surprised that this show of leadership was swift and immediate. The Dade City Chamber of Commerce is the arm that reaches out for all the small businesses that are unable to do this alone. The business climate in Dade City today is strong and vibrant and I believe the major contributor for this success is the Dade City Chamber. Again, thanks for all you do.  

*Jim Hendry, A Matter of Taste*

“The Greater Dade City Chamber of Commerce has been instrumental in the success of our business. John, Jo Mel and all the volunteers at the Chamber are always willing to help and guide my business. If they do not have an answer to your question, they will tirelessly to get an answer and a contact for you. Thank you to entire team, you are great!”  

*Deatrice Blossom, D & R Specialty Hot Dogs*

San Antonio Antiques applauds the Dade City chamber of Commerce for its year-round promotion of local businesses and community events that have positive impact on small business owners like myself. I appreciate all the networking and marketing opportunities available to Chamber Members.  

*John Herrmann, Proprietor, San Antonio Antiques*

Jarrett Ford has been a proud member of the Dade City Chamber of Commerce since we opened in February of 1978 which is over 40 years ago. The Chamber is an integral component in our community and touches so many people and businesses. If you want to succeed in a community you have to be part of the community and the Chamber is a great place to begin.  

*Cliff Martin, Jarrett Ford*

I became employed in the Dade City area at Lake Jovita Golf & Country Club in Feb. of 2014. Moving here from Western Colorado I had no connection with the community or the surrounding area. In the spring of 2015 I joined the chamber’s golf committee for the Dade City Chamber’s annual Joe Kiefer Golf Tournament held at Lake Jovita. That opened the door for me to get involved and meet many of the local business leaders. Since that first year, my career has moved me from the Golf Pro Staff into the General Manager Position overseeing 100+ employees, maintaining 500+ acres, and a full service restaurant at Lake Jovita G&CC and the connect with the community and area businesses has been crucial to the success myself and Lake Jovita is experiencing. The Chamber was the gateway to those relationships and the business to business workings that help every aspect of Lake Jovita G&CC.  

*Michael Johnson, Lake Jovita Golf and Country Club*
Brown & Brown Insurance of FL- Brooksville would like to thank the Greater Dade City Chamber of Commerce for welcoming us into the community with open arms. We have been in Brooksville for over 20 years and becoming a part of the neighboring community as well as getting to know the community has been enjoyable with the help of the team at the Greater Dade City Chamber. Even though we have only been a part of the Chamber for about 6 months we feel as if we have been with them for years. The team at the chamber is very welcoming and accommodating to our questions and needs. We look forward to working with the chamber and the local community in the future.  

Brown & Brown of Florida, Inc.

---

John, thank you for working with us on the 2016 Annual Kumquat Festival! Trusted Senior Care's “Westbrooke Manor” believes being part of the Annual Kumquat Festival® is critical to successfully doing business in East Pasco. You and your team are doing superior work!

Hunter Anstine, Chief Development Officer Trusted Senior Care, Inc.

---

We are so excited to welcome our new members The Greater Dade City Chamber of Commerce! At the Greater Dade City Chamber of Commerce their mission is to promote economic growth & quality of life in the Greater Dade City area. The Greater Dade City Chamber of Commerce has been operating as a successful trade association organization for over 50 years and now represents over 430 business, associations, non-profits and individuals throughout Pasco County. Greater Dade City Chamber of Commerce, we are so thankful for your support! For more information about this great organization please feel free to visit http://www.dadecitychamber.org/index.cfm.

The Thomas Promise

---

There are two words that I cannot say enough and those two words are “Thank You”. I hope the three of you truly know how much you helped me in “2016” AND “2017” has already started off with a bang! If it were not for your support and friendship I would not have been able to help make all the “Littles” dreams come true by helping find them a “Big Brother” or “Big Sister” in Pasco County – You never know who has made the decision to make a difference in someone’s life and by your mere act of kindness that you have shared with me time and time again by sharing our mission and event dates you definitely had a direct impact on the success of my efforts. Just think - What if every child reached their potential? What if every child stayed in school? What if every child gave back to the community? What if every child was sent on the right path? Our mission is to provide children facing adversity with strong and enduring, professionally supported 1-to-1 relationships that change their lives for the better, forever. Just a little bit of time can make a BIG difference. Once again, “Thank you” Jo, Mel & John for all you do to help make Pasco County such a special place to live and share our lives.

Deb Kristol-Irwin, Director of Partnership Development Big Brothers Big Sisters of Tampa Bay

---

“The East Pasco Democratic Club has utilized the services of several of our fellow Chamber members for items we needed - from t-shirts to a vinyl sign - and found the services great and the quality of the items ordered top-notch. We look at the directory first to see if we can find what we need from our fellow Chamber members. Our goal is to shop Dade City first! and to support the Greater Dade City Chamber.”

Beverly Ledbetter, East Pasco Democratic Club

---

“I have been very pleased with the effective communication and outreach efforts of the Greater Dade City Chamber. As the president of Galen College of Nursing for the Tampa Bay region, I find the meetings and events helpful as I navigate the business climate in our numerous surrounding counties that my college serves. Thanks for all you do!”

Rob Wolf, President Galen College of Nursing, Tampa Bay Region Saint Petersburg FL
“Thank you for hosting the Greater Dade City Chamber of Commerce Breakfast! I saw some people that needed to contact me later that day and some new folks that I will be collaborating with later this Fall. Thank you for providing this forum to allow such great networking opportunities!”

Ahmy S. Arca, Student
Life & Leadership - Pasco-Hernando State College East Campus

Thank you so much John, Mel and Jo for the many years you have worked with the Dade City Garden Club to market and sell our Historic Dade City Ornaments. In 1994 when we produced our first ornament, the Pasco County Courthouse, the Chamber was there to help us. You have continued over the years to sell our ornaments and you have many loyal customers that would only buy their annual ornament at the Chamber. It is the Garden Clubs main yearly fund raiser and your efforts are critical to our success. We are a non-profit organization and all the money is used to maintain our historic building and grounds. It is not an easy job for you and we appreciate your dedication and continued support all these years.

Members of the Dade City Garden Club

"If you are serious about business, get serious about joining the Greater Dade City Chamber of Commerce. The place where serious business owners discuss serious business with other serious business owners. Time to get serious.”

Steven D. Hickman, President & CEO First National Bank of Pasco

Being 13 year member/supporter of our Greater Dade City Chamber of Commerce I have gained countless relationships with those in my community. Visibility is key in establishing community connections while promoting your business. The networking opportunities are endless through the Chamber, and there's no better way to promote your business because it’s “free marketing” and people do business with people they know. Our Greater Dade City Chamber offers many programs and events throughout the year as a way to give back to the community and business owners who supports the Chamber. Joining The Chamber is great. A business receives many benefits visibly and behind the scenes. However, joining only gets you so far. Participating is the true key to receiving the benefits of chamber membership. Being a member of the Chamber only works for you if you participate in what the Chamber has to offer to help you succeed in business and community connectivity. To sum it up, our Greater Dade City Chamber is the very “Best” when it comes to promoting, representing and supporting our community and its local businesses.

Bonnie Krummen, CenterState Bank VP/Branch Manager - Dade City office

Jarrett Ford has been a proud sponsor of the Greater Dade City Chamber of Commerce's Annual Kumquat Festival since it's inception 22 years ago in 1998. It fills our city's streets with many visitors and many potential future patrons to our community. They see how unique we are here in east Pasco County with our eclectic community of restaurants and shops and friendly people. We're looking forward to another exciting year with another successful festival.

Cliff Martin, Vice President / General Manager Jarrett Ford, Inc.

GOOD FRIDAY
WALK OF THE CROSS

REMEMBERING CHRIST’S SACRIFICES

Friday, April 19

The Walk of the Cross is a one mile pilgrimage through Zephyrhills. Along the way, we'll stop at seven different churches as we try to better understand the tremendous sacrifices that Christ made for us. We'll take turns carrying the cross, and we'll end our journey with a Good Friday service. This event takes place rain or shine and is appropriate for individuals and families with young children.

Meet at 5:30 p.m.
Saint Joseph Catholic Church (gather outside in front of the church)
38710 5th Ave., Zephyrhills

Walk Ends about 6:45 p.m.
First United Methodist Church
Good Friday Service (inside)
38635 5th Ave., Zephyrhills

“For Christ also suffered once for sins, the righteous for the unrighteous, to bring you to God. He was put to death in the body but made alive in the Spirit.”
1 Peter 3:18
EASTER SUNRISE SERVICE

BE REFRESHED!

Sunday, April 21

We’d love for you to bring your family and friends to our Easter service and watch the sunrise. There’s so much power in community! We’ve planned many inspiring moments for you to enjoy including an uplifting Easter message entitled “The Gardener” by Garrett Hamblen, Executive Pastor at Calvary Assembly of God in Dade City. You can also take part in praise and worship with “The Sound,” an amazing family band that’s back by popular demand, and watch doves soar. Come around 6 a.m. and enjoy free cinnamon rolls, hot coffee and tea. We’ll collect an Easter offering for The Samaritan Project of Zephyrhills and the Zephyrhills-Wesley Chapel Ministerial Association, too.

6:30 a.m. | Easter Sunrise Service
AdventHealth Zephyrhills - Front Lawn
7050 Gall Blvd., Zephyrhills

Because limited seating is available, we recommend that you consider bringing a lawn chair.

“Why do you seek the living among the dead? He is not here, but is risen!”
Luke 24: 5-6

The annual Easter sunrise service is a partnership of AdventHealth Zephyrhills and the Zephyrhills-Wesley Chapel Ministerial Association.
