Midwest Radio of Fargo-Moorhead Launches Local Business Hotline

The COVID-19 pandemic has shifted our habits, changed the local economy and altered our ability to connect with people. For local business we also understand that it's made your day-to-day difficult and your connection to prospective customers adventurous to say the least. As a local, committed to the business community company Midwest Radio of Fargo-Moorhead is launching the Local Business Hotline Friday, April 10th, 2020.

The Local Business Hotline is your chance to showcase your business at no charge on The Mighty 790 KFGO, Y94, FROGGY 99.9, 104.7 DUKE FM, 740 The Fan and 101.9 JACK FM. If you are a local business owner, manager or authorized employee call (701) 660-0788 24 hours-a-day, 7 days a week and leave a 30 second message about your business. This is your opportunity to tell the Red River Valley who you are, what you do and how to get in touch with you.

Midwest Radio of Fargo-Moorhead' Creative Director and Creative team will listen to the voicemails each day, edit them into a professional commercial and we will broadcast your message to hundreds of thousands of listeners on our radio stations, mobile apps, smart speaker devices and on our social media channels. We are deeply committed to our community and want to do everything in our power to make sure small businesses have all of the resources they need to survive, thrive and grow as we fight through this pandemic together.

How Do I Leave the Voicemail Again?

Call (701) 660-0788, leave your name, number and 30 second message telling the Red River Valley who you are, what you do and how to get in touch with your business.

Thank you for the service you provide to our community. We are all in this together and we will make it through because of people like you.

Sincerely,

Dan Cash
VP/Market Manager
