

PHARMACY UPDATES

Lowery Drug Stores - At this time, we are asking our patients to call their prescriptions in and use our drive-thru. Drive-thru window and delivery service only for the foreseeable future. WE WILL BE OPEN REGULAR HOURS. We have PLENTY of medications

Medical Center Pharmacy - In order to prevent the spread of Coronavirus, Medical Center Pharmacy will be taking the following precautions beginning Monday, March 16.

- 1) Please call refills in ahead of pickup time. This allows us time to get your refills ready as well as get refill authorizations from your prescribers when needed.
- 2) We will be offering CURBSIDE PICKUP for our patients and are asking those who are over 60, have chronic health conditions, are immune compromised, are pregnant, OR have fever or cough to utilize this service. Just call 268-3311 when you pull into the parking lot & we will bring your meds to you!
- 3) An easy way to communicate with us is our pharmacy refill app! Text RxLocal to 64890 for the download link. You can send refill requests as well as text directly to your pharmacist in the app. Using the app helps free up our phone lines & allow us to provide faster service.

Medic Sav-On Drug - In an effort to do everything within our power, and in accordance with what the President of the United States asked all citizens to do to limit social contact, and an enormous amount of thought and prayer, we feel it is in the best interest of our patients and our staff to operate through our drive-thru window and delivery service only for the foreseeable future. This is serious business folks, and we MUST take this action in order to continue to serve you. WE WILL BE OPEN REGULAR HOURS. We have PLENTY of medications, so there is no reason for you to worry. We simply must all do our part to stop this COVID-19 virus dead in its tracks, and this approach to care is the logical step for our pharmacy to take in order to do that. We know you have questions and we will be happy to address those personally. Please feel free to call the pharmacy and we will answer each one as soon as possible. Thank you for your patience and understanding as we navigate these difficult times. One final thought - this did not catch our Heavenly Father by surprise. He has promised never to forsake us or leave us. Things will return to normal - sooner rather than later if we work together. Thank you, and God bless each of you.

Stanley's Pharmacy - Stanley Pharmacy is committed to serving our patients and providers with the highest level of service. During this unprecedented time in our history, we are taking measures to ensure the safety of both our patients and our staff. With that said, we are limiting potential exposures for our staff and patients by closing our lobby and providing pick up through the drive through window, curb side delivery or our delivery services.

We encourage patients to practice good hand hygiene, social distancing of at least six feet and avoid crowds. Our hours of operation will continue to be as follows:

Monday – Friday: 9:00 a.m. – 5:30 p.m.

Saturday: 9:00 a.m. – 12:00 p.m.

Sunday: Closed

Stott's Drug Store - We suggest patients 60 years old and older, those who are immunocompromised, if you have a fever or cough including symptoms of flu/upper respiratory illnesses take advantage of curb-

side service and our free prescription delivery service to help protect yourselves and others! For curbside service, park as close as you can to our store and call 501-268-2536 and we will bring your order out to you. If you need other items, OTCs, etc we can deliver these to your car as well. We will be sanitizing our store between customers as well! Please call ahead for refills or send in your prescriptions to us via our app or website. This will give us plenty of time to get your order ready to cut down on wait times during this very busy time.
