Introducing The Legacy Club

This year marks the 50th year that we have been incorporated as a chamber of commerce, having started in 1968 as the Blaine Chamber and going through a couple of iterations to who we are today. Behind the scenes our Board has had many discussions on who we are and where we are going. We want to honor our past but be relevant in the future. So, to do that, we made the decision to do a complete rebrand. This fall we will be rolling out a new logo, brand, website – you name it, we’re re-doing it. (Everything but our commitment to the business community.)

\$1000 each, proceeds of which will support our rebranding efforts. Each member can pick a year from 1968-2018 and will forever hold that year as an exclusive Legacy Club member. Investors will be recognized in perpetuity – on our website, at membership meetings, in our office, etc. Also included is a table and a legacy sponsorship for our December 6 Gala at Infinite Campus, where we will celebrate our 50th anniversary in grand style. We believe it is a small investment this year for a long return in years to come.

This is no small endeavor and no small price tag. We have therefore created the Legacy Club. We are asking 50 members to join the Club for

Inside this newsletter is a list of confirmed Legacy Investors to-date and available years. We hope you will consider joining this Club and being part of this exciting endeavor.

Hard to believe, but it’s almost time to reflect on 2018 and look towards 2019. It’s been a busy and successful year at MetroNorth and we want to share a few updates on what we’re doing for our MetroNorth members! We, will also ask attendees to elect new members to your Board of Directors. See page 2 for a full list of who the current Board is recommending for your consideration.

We’re very pleased to announce that your 2018 Annual Meeting will feature a keynote from Carl

Rick, third generation owner of Kwik Trip. Founded in 1965, this gas station/convenience store has grown from 1 location to over 500, including a few new stores right in the north metro. Besides the stores, did you know that Kwik Trip also owns a dairy plant, a soda bottling plant, a bakery – even banana ripening rooms?!

With more than 18,000 employees, Kwik Trip is also known for their industry-leading employee retention rate, has been rated a Top Ten Workplace in three states and has won many national awards. Mr. Rick’s presentation, “A Kwik Look at Kwik Trip,” will surely inform and entertain.
