Summit Chamber - Unite ~ Lead ~ Support

Our 2018 Vision/Mission

Our vision is to be the driving force behind the success of all Summit County businesses.

The Summit Chamber mission is to ensure business success for our members and to foster community-wide economic vitality by providing resources, educational opportunities, and business connections. We unite key stakeholders. We lead with a clear vision of the future. And we support collaborative efforts throughout the community.

About The Chamber

The Summit Chamber of Commerce represents businesses throughout the entire county. We realize that within the county there are multiple, distinct communities having different goals and strategies. We understand that partnerships and affiliations must be created within each local community to address the needs specific to the unique communities and businesses - while still promoting our efforts to unite, lead, and support all businesses in our county.

To that end, under the Summit Chamber umbrella, we have formed affiliations with the Frisco Chapter, the Copper Mountain Resort Association, and the Silverthorne Chapter. We are hoping to strengthen our support of Dillon, Keystone, and Breckenridge businesses in the near future. Additionally, our affiliation with the Summit Independent Business Alliance recognizes the need for all of us to value and embrace the "buy local" ideals.

This structure enables these individual organizations to create and support events and activities within their respective communities. It also gives a stronger, more focused voice within each governmental entity.

When you join the chamber you will have access to strength in numbers. A portion of your dues will be allocated to the affiliate organization where your business is located. If you prefer to designate a different affiliation, please contact us. In this way, each organization has additional funds with which to support the activities the members would like to pursue.
