There will be a valuable pre-tour briefing for all participants; date, time and location will be announced. We will answer all of your questions and familiarize you with details you will need to know. Citslinc International Inc. has 33 years of experience in the China tour business and we are confident we can respond to your inquiries to your satisfaction. China is a modern country, so you need not feel as though you are preparing to travel back in time, to a less sophisticated society. In many instances, the country is not "behind" so much as "different." For example, you will find very few ATM machines, but travelers' checks and credit cards are accepted everywhere, so leave your checkbooks and check cards behind. The electricity in China is 220 volts and an adapter is required to operate even an American hair dryer. Both the adapter and the hair dryer are available at the hotels in which we will be staying, but it is recommended that you bring your own adapter if you will need to plug anything in. Though you will be treated to sumptuous regional foods, you will also find many American fast-food chains including McDonalds, KFC and Starbucks.
