

- Looking for a fun way to interact with other Chamber members?
- Interested in meeting one-on-one with new businesses at the Chamber?
- Want to earn some Chamber Bucks that will allow you to market your business for free?

JOIN THE CHAMBER AMBASSADOR PROGRAM!

THE BASICS

The Chamber Ambassadors are a team of Chamber members who volunteer to meet with new members and shepherd them through their first year of membership. Ambassadors are assigned one or two new members a month and connect them over phone or in person to learn about their business. They also ensure that new members know all resources and benefits available through the Chamber so they may best leverage their membership. The program allows current Chamber members to share their experience in a one-on-one setting and establish meaningful relationships with new members during their first year, with the Chamber. What's not to like?

WHEN

Ambassadors meet as a team once a month, and in addition, spend 2-3 hours per month connecting with new members. Ambassadors also make a commitment to attend many of the Chambers events, such as Business After Hours, and Ribbon Cuttings. You don't have to be a long-time Chamber member to become an Ambassador; all current members are welcome to join the program.

REWARDS

Ambassadors have the potential to earn both recognition and rewards. Ambassadors are featured on a rotating basis on the Chamber's website and in the Chamber's monthly mailing to members. In addition, Ambassadors earn points by meeting with members, volunteering at Chamber events, attending events, and more. Each point contributes to an Ambassador's reward of Chamber Bucks that can be used to market their business with an event table display, sponsored e-mail, or newsletter insert or pay for event admission. Wow!
