Creekside Church

We are a community church that teaches the unchanging Word of God in fresh and exciting ways - not simply to inform but to build people into all that God has for them.

We'll welcome you with our warm greetings, energize and minister to you through our worship music, and challenge you with our service messages.

Rest assured your children will be will taken care of through age-appropriate classes led by trained loving and encouraging coaches. In fact, don't be surprised if your kids bug you to come back!
