Kimberly Bredehoft has been a Martinez resident since 1971 and has had a love affair with horses since she can remember. She has been working with horses for over 30 years and feels blessed that her career enables her to live out her passion each and every day. She is also grateful for the opportunity to change lives by providing a tool (horses) that builds self esteem and confidence in young riders.

In the last nine months, four of Kimberly's young students, from three different families, have lost their fathers. Kimberly is well aware of the healing aspects that horses provide in times of loss, and has been thankful to be a part of the journey as she watches her horses help these children through their grief.

Kimberly has grown a tight niche family at Franklin Canyon Stables who live to ride and ride to live! She believes that her extensive experience with horses has developed a sixth sense within her and she would like the opportunity to share some of her instincts to others who wish to experience the joy of riding.
