

— 2019 CHAMBER — MEMBERSHIP INVESTMENT

The annual membership investment is based on the number of full-time or full-time equivalent (FTE) employees, including regular employees, owners, managers, licensees, agents and commissioned sales people.

Member businesses with multiple outlets, but having the same name and under the same ownership, may enroll each outlet by combining the number of FTE employees for all outlets. Owners of multiple businesses with different names must enroll each business separately.

All members may include a high-quality digital image with their online listing and be listed in up to three categories in the online Chamber business directory.

OPTION ONE
