

Chamber Membership Opens the Door to Online Benefits!

The Walla Walla Valley Chamber of Commerce is pleased to announce the launch of its new website, www.wvwchamber.com.

This new web design is part of the Chamber's ongoing efforts to enhance the quality and availability of information to members and consumers. The website offers quick and easy access to essential information about the Chamber's membership and boasts new opportunities for businesses to attract new customers.

New features of the website include:

- **Job Postings:** add job openings to the Chamber's website
- **Hot Deals:** include store coupons and special offers on the Chamber's website
- **Member Event Posting:** add events to the Chamber's Online Member Events Calendar – chamber website visitors can add events to Outlook, e-mail the details to a friend and request an automatically generated email reminder for the event

We encourage each of you to take full advantage of the state of the great new features!

You already have a listing on our site which displays your company name, contact phone number, website and a short description of your company. Prospective customers and web "searches" can find this listing by clicking on the first letter of your business name or search through the category.

In order to insure we have the most up-to-date and complete information and description, you can log into the website "back door" and modify it yourself. You can add new staff names, list hours of operation, etc.

We will issue you a Login Name & Password which will be used to access the website. Please contact the Chamber for this information.

We ask that you guard this access information so it's not misused. Caution: your information will be listed exactly as you enter it. It goes "live" and is not sent to us for approval.

Another benefit is the ability to do FREE advertising on the chamber website, to ANYONE – not only chamber members. This is called a **HOT DEAL** and you may create your own (it's easy and user friendly)! These **HOT DEALS** are linked to your company name and will appear beside it on the member directory page. When you create it, you submit for approval and we will activate it.
