

## Fourth Friday Scavenger Hunt App Instructions

1. Download **SMARTpath Events and Exploration** App from the Apple or Google Play Store.

2. Create an account or login if you have one already. You will need to provide a team name to participate. Feel free to use your name or any username you'd like for game identification. You will also be prompted for a photo. Your team name will show up in the Leaderboard menu and be seen by other scavenger hunt participants.

3. Select or Search for the **Fourth Friday Scavenger Hunt** game on the first page that will look something like this. There may be other games listed on the search page, there may not be. You are looking for the **Fourth Friday Scavenger Hunt** option for the 2018 Fourth Friday game.

4. Tap on the **FOURTH FRIDAY SCAVENGER HUNT** listing and choose to **JOIN** the game.

5. Select **CHALLENGES** from the Scavenger Hunt shown here. This is where the participating locations and scavenger hunt clues will be listed.

6. Once you've entered the Fourth Fridays Challenge page, you'll see a list of participating Scavenger Hunt locations like the image to the left. Each listing will have a trivia question to answer. Click on any of the listings to find information on their storefront, the store's address, the dates they will be open for Fourth Fridays and the QR code for their location. When you visit that store, you will scan the QR code at that Fourth Friday location to open and answer the trivia question.

7. **Steps to answer the trivia question for each location will be:**

- Select a location listed on the Challenge page (shown above in #6).
- Travel to the participating location (locations may not be grouped by town in the app, so use the walking maps for each town to organize your hunt).
- When you arrive at a location, open the unlocked challenge associated with that business.
- You will be directed to find and scan a QR code at that location. The QR code will unlock the challenge titled with that business's name. (See example of QR code page to the right)
- Select the business's challenge.
- Answer the Trivia Question using the COMPLETE button found on the bottom right corner of the Challenge for that store (A sample button is shown to the right here.)
- Submit your answer. When you answer the question correctly, you will complete that challenge and earn points toward your goal of visiting every Fourth Friday stop and answering every question. When a location is visited and a question answered correctly, it will show up in the completed challenge section.

8. If you don't see Fourth Friday related information in the app, make sure that the Fourth Friday Scavenger Hunt is listed in white in the top blue bar at the top of your screen. If you don't see it there, choose to **SWITCH EVENTS** and select **FOURTH FRIDAY SCAVENGER HUNT** again.

9. Use the **LEADERBOARD** menu item to track your progress with other participants!

10. When you complete a scavenger hunt item at a store, it will move over to the **Completed** tab on your Challenge Board. It will only show on the **Available** Challenge list (highlighted in blue to the right) if you have not yet completed the trivia question for that location. The menu for the Challenge page is circled here

11. When you've gone to all the participating locations and submitted the right answers to the trivia items at each location, you will need to complete the challenge asking you to share your contact information so that we can notify you if you've won the Scavenger Hunt. Your contact information will be kept confidential and will not be shared with anyone else.

12. The winner of the Scavenger Hunt Gift Basket will be notified on Friday, August 31, 2018.
13. If you have trouble with the Scavenger Hunt App, please use the **HELP** section found in the App menu and/or contact SMARTpath at [info@smartpathed.com](mailto:info@smartpathed.com). Their e-mail is not monitored 24/7, but they will respond as soon as they are able. There will be information guides at the starting point in each community that can help too. Starting Points will be I Dunn That in Pekin, Ebenezer Art Studio in Delavan, and Jefferson Street Studio and Gallery in Morton. Their addresses are listed on their challenge listings in the app.

Thanks for participating in the Fourth Friday Scavenger Hunt, made possible by Unland Companies!  
We hope you have a lot of fun and wish you luck on the drawing!
