Young Entrepreneurs

Come check out the Kidpreneur Market and support local young entrepreneurs as they debut their products and services and launch their mini-businesses at the Pigskin Classic Biz Bash!

The Kidpreneur Market is designed to engage children in entrepreneurial thinking and foster their natural, enterprising spirit. They will learn vital business and financial literacy skills and start their own micro-businesses in a fun and experiential way, while learning the basics of money management.

By sponsoring the Kidpreneur Market, the Brandon Valley Area Chamber of Commerce's mission is to encourage kids to:

Think creatively about new and innovative products or service ideas.

Believe they can start a business and be an entrepreneur.

Learn more about what it takes to start and run a business.

Please note: The young entrepreneurs do not have to sell a product; they can use this opportunity to promote a service they offer (lawn mowing, dog walking, etc.) as well.
