

Hope Feeney (cont.)

Moving back has opened my eyes to many things. It is amazing to see just how much I was missing and I would like to encourage everyone to get out and explore what our county has to offer. There are hardworking people around every corner who strive to make our businesses and community welcoming for patrons and guests. It has warmed my heart to meet so many who are dedicated to helping Cheyenne County grow and improve as it continues to be a wonderful place to live and visit.

I am eager to be a part of that force who works diligently to make sure we are doing all we can to provide beneficial supports to business owners as well as provide impactful events that build connections between people. I am here to collaborate with community members, business owners, and organization leaders so we can be a united front in the betterment of our community. It cannot be done by one person or group, but it can be done together.

This summer, I plan to get out and visit with as many people as I can. For those who I miss, please know my door is always open. I would love to hear your ideas and be here to help in any way I can. Our office is here for *you* and I want that to show in what we offer.

I am so thankful to be here.

Hope
