Join a Chamber Committee

Volunteer committees are a great way for Chamber members to connect with other business people, find out more about local issues, and enhance the quality of life of our community. Members in good standing are encouraged to participate.

The Ambassador Committee is a working committee that aids staff in the development of effective acquisition and retention programs designed to educate local businesses about the programs and services available through the South County Chambers of Commerce. Ambassadors concentrate on the retention of existing and development of new members through an awareness program emphasizing personal contacts by Ambassadors. Ambassadors welcome new Chamber members, serve as hosts at key Chamber events, and facilitate interaction between members at Chamber functions.

Governmental Affairs: The South County Chambers of Commerce recognizes the necessity of properly balanced legislation for enhancement and encouragement of the free enterprise system. In conjunction with our stated goals, SCCC supports legislation at all levels of government which ensures a sound and healthy local economy. When necessary, we will vigorously oppose legislation that threatens the viability of local business as part of the private enterprise system. SCCC encourages a proactive approach to local legislation and supports research, analysis, education, and wide dissemination of proposed legislation that affects local business and the vitality of South SLO County.

The Marketing & Beautification Committee is charged with selecting the Business of the Month for the months of February through December. These businesses are then eligible for the Business of the Year award which is presented at the Annual Dinner and Recognition Awards.

Local Steering Committees meet at various times and locations—usually on a monthly basis. There are committees for each community in South County.

Purpose: As a regional Chamber, we recognize the many benefits that are achieved through combined resources and a collective voice to advocate for business. Likewise, we also recognize the importance of each community retaining their individual identity. Because each business community has unique needs, local Steering Committees have developed to work on projects in their community.

What to Expect: Steering Committees make recommendations to the SCCC Board of Directors regarding events and goals for the businesses in their community and work together to see them achieved.

Commitment Level: Attend meetings. Steering Committee members may be asked to help with events or projects in their community.

To sign up for a committee, visit southcountychambers.com.

The options for all committees are Governmental Affairs, Marketing & Beautification, Ambassador, Annual Dinner Planning, Arroyo Grande, Arroyo Grande Village, Avila Beach, Grover Beach, Nipomo, Oceano, and Pismo Beach.

SCCC Board Member Highlight: Shari Barnhart of Mechanics Bank

Shari Barnhart is new to our Chamber Board of Directors for 2020.

She currently serves as the Vice President and Branch Manager for Mechanics Bank in Arroyo Grande.

After being a business owner and entrepreneur for 20 years, and performing voiceovers for radio and TV, Shari has worked in banking for the past 12 years with positions in Operations, Business Banking, and Management. She is Mom to her 27-year-old son, Nathanael. Faith and family are most important to her, and she enjoys playing piano and singing.

Shari is an avid baseball fan. She served as a Chamber Ambassador for two years and sits on the Board of Directors for Leadership South County and Dove Ministries.

Mechanics Bank is located at 1026 East Grand Ave. in Arroyo Grande.

South County Chambers of Commerce

Update from Supervisor Lynn Compton, District 4: Oceano, Nipomo, and Arroyo Grande

Happy March! February flew by with the Board of Supervisors, and we had two jam-packed meetings. Here are some of the highlights from those meetings:

• Approved an additional $135,783 from Parks Public Facility Fees (PFF) and $49,217 from Quimby Area 4 funds to fully fund the Nipomo Basketball and Pickleball Courts project. This project will construct two new basketball courts with lights in the Nipomo Community Park and resurface/strip the Pickleball Courts. The total cost of the project will be $561,438. Thank you to Jeff Long of Nipomo Area Recreation Association Inc. and Jesse Hill for coming to advocate for this project during public comment!

• Received a presentation on the Central Coast Jobs Roadmap and Action Plan from the Hourglass Project. The presentation covered the challenges, opportunities, and strengths the County currently faces and what we can do to strengthen the economy with the looming closure of Diablo Canyon. The Hourglass Project is a coalition local business leaders and stakeholders in a multi-county region who are plotting an action plan for the post Diablo Canyon atmosphere. They are focusing on regional strategies and needs to develop a viable economic plan for housing, infrastructure, education, and jobs. The final unveiling of the plan will be on March 16th, 2020. Per a grant agreement, the County has granted the Hourglass project $300,00 for their work.

• Amended the Traffic Regulations Code establishing yield intersections, stop intersections and through highways, and amended through highways within Trilogy in Nipomo.

• Granted consent to the formation of an assessment district by the Nipomo Community Services District (NCSD). The voters of Blacklake will vote in the future to decide on if they want to assess themselves for wastewater systems.

• Proclaimed February 2020 as “National Meat Month” in San Luis Obispo County.

• Proclaimed February 2020 as “Children’s Dental Health Month” in San Luis Obispo County.

The South County Chamber of Commerce’s Leadership cohort continued their 2020 journey in February. Meeting at the awesome SeaCrest Oceanfront Hotel in Pismo Beach, the group learned the importance of vision and legacy (both personal and professional) and shared ideas about how they can put them into practice for themselves, for their organizations, and our community.

The community theme for the day was Recreation and Tourism. To support this learning, we were privileged to have three fantastic speakers present to the group and answer their questions:

1. Kristin Stout with Port San Luis discussed the new Harbor Terrace recreational development.
2. Kevin Pearce with the California State Parks Oceano Dunes presented on the past, present, and future of the dunes.
3. Gary Wiley with the San Luis Obispo Air and Pollution Control District examined the Oceano Dunes and the impact(s) on local air quality.

This group is going to change the world! 2020 better be ready, because they’re coming!

If you have any questions about the Chamber’s Leadership South County program, please reach out to Marty Imes, Leadership South County Executive Director, at marty@southcountychambers.com.

Arroyo Grande News

Update on the Oak Park sinkhole issue: I am sure you were all affected in one way or another by the recent Oak Park Blvd lane closure. We had a very dangerous situation that required emergency closure. The basic issue is that a sinkhole developed due to a worn away underground drainage structure under the sidewalk on the southeast side. Further, excess sediment had built up and blocked the drainage pipe running under AJ Spurs. The void was nearly 30-feet deep, and 12-feet wide, with most of it on the DeChance property. The situation has been stabilized, but a permanent fix is being designed as we speak.

The design preferred by CalTrans would cause a 4-6 week closure of Oak Park, and a 45-foot wide trench blocking both directions to perform repairs. The associated costs would be astronomical. Staff identified a much more cost-effective solution that would reroute drainage in the 101 right of way that would cause no traffic disruptions, but they could not get a timely response from CalTrans. I am proud to say that I worked quickly with Assemblyman Cunningham to tap CalTrans leadership and cut through the red tape. Staff is working with them now, and hopefully you’ll forget all about this because it goes smoothly without any further closure.

This is a shining example of the value of the great working relationships we cultivate as your representatives, and of having a collaborative and friendly approach to leadership. “We get far more flies with honey than vinegar!” I am thankful to Assemblyman Cunningham for his help in this matter, and for our continued work together on behalf of our constituents.

Caren Ray Russom
Mayor, City of Arroyo Grande

Grover Beach News

And now the calendar has turned to March. I would say that the rainy season should be in full swing but, unfortunately, there has not been much of a rainy season so far. So that leads us back to talking about droughts and water conservation and all those topics that were so much in the forefront just a couple years back. Since we live in California, those topics are never far from our minds and hopefully water conversation has become more of a way of life for each of us. Thank you for your efforts to conserve water and make the South County a water-wise area. Grover Beach has a number of tips and information on water conservation at our newly updated website: grover.org/221/Water-Conservation-Programs. Just a couple of the City tips include:

- Turn off the water while brushing your teeth and/or shaving.
- Replace your shower head with a water efficient/low-flow shower head
- Do NOT use the toilet as a waste basket
- When washing dishes by hand, do NOT let the water run while rinsing. If you have two wash basins, fill one side with wash water and the other side with rinse water. Use a broom instead of a hose to clean up driveways, sidewalks, and patios.

Jeff Lee
Mayor, City of Grover Beach

Pismo Beach News

Downtown Pismo Beach has been busy since the start of January. Normally it is slow this time of year, but the dry weather brought in large numbers of residents and tourists. The lack of snow in the mountains likely contributed as well.

The Pismo Preserve is extremely busy with large numbers of hikers experiencing the amazing vistas from the top of the hill. The City will soon begin a project to install a sidewalk under the freeway to make it safer to get there.

The dry weather also helped the construction crews make significant progress on our Pier Plaza and Shell Beach Streetscape projects.

On March 13, we will have a ribbon cutting for a new Freeway Service Patrol during commute hours on Highway 101 in the South County. A tow truck will be on duty to help keep traffic moving if there is a stall or accident. I advocated for this service at SLOCOG (Council of Governments) and funding was approved.

Ed Waage
Mayor, City of Pismo Beach

HOW TO ACCESS CAPITAL TO GROW YOUR BUSINESS

Presentation by SBA, the U.S. Small Business Administration

WEDNESDAY, MARCH 18, FROM 11:30 AM TO 1 PM
SOUTH COUNTY REGIONAL CENTER • ARROYO GRANDE

Created in 1953, the U.S. Small Business Administration (SBA) helps small business owners and entrepreneurs pursue the American dream. They provide counseling, capital, and contracting expertise as the nation’s only go-to resource and voice for small businesses.

Lunch will be catered by Jaffa Cafe. Please RSVP at southcountychambers.com, or call (805) 489-1488. $20 Chamber members or $25 nonmembers.
At SLOCBEx our mission is to Serve and Support the Building and Construction Industry. We understand how hard it is to keep track of the new laws, new requirements and required certifications. One of many member benefits includes Safety and Compliance classes. We have two locations: Atascadero and San Luis Obispo for your convenience. Both locations have great Conference Rooms for learning. Follow us on social media to stay up to date with our scheduled classes.

CHAMBER BREAKFAST WORKSHOP

Family-Friendly Workplace Practices

Learn from SLO County business leaders how simple changes increase employee satisfaction and retention

TUESDAY, MARCH 31 | 8 - 10 AM
SOUTH COUNTY REGIONAL CENTER | ARROYO GRANDE

Learn from a panel of local business leaders about tools they have adopted to help support employees and increase flexibility. Each has seen improvements in company culture and retention of talent resulting from new programs and policies. The panel will share not only their successes, but also the valuable lessons learned from the road bumps they’ve encountered along the way. This workshop is hosted in partnership with the We Are the Care initiative - a coalition of community leaders who have partnered together to tackle the local child care crisis. Breakfast will be catered by Station Grill. Please register for this event at southcountychambers.com, or call the Chamber office at (805) 489-1488. $20 Chamber members and $25 nonmembers.
