

## **Michael Glover**

**Truist**

*Banker*

Commercial Banker with over 13 years of experience in the Hampton Roads market. At BB&T, now Truist I focus on providing consultative and innovative solutions to small and medium sized businesses. Solutions range from capital formation, cash flow management, risk management and employee benefits. Favorite parts of my job include hearing an owners' story about how they got into business, learning about different industries and helping people identify and achieve their personal and business goals.

Outside of banking enjoy spending time with my wife Jessica and our three children. We enjoy traveling, being outside and serving in our church.
